

Meat Inspectors Took Cash, Goods Probers Hear

WASHINGTON (AP) — Army meat inspectors learned to steal, took bribes and were furnished with the services of prostitutes to assure that they would not "hassle" packers who were selling the Pentagon inferior meat at sirloin prices, according to testimony before a Senate panel.

Sen. Lawton Chiles, D-Fla., chairman of the Senate Government Operations subcommittee on federal spending practices, said at Monday's hearing that lack of discipline, fraternization between officers and enlisted personnel and lack of training for military inspectors resulted in a "rotten" military meat procurement system.

Edward Kehl, former supervisor for the now-defunct G&G Packing Co. of Boston, testified Monday that the firm regularly filled army orders for choice beef with lower priced upgraded meat and substituted tough cuts for tender.

Kehl agreed with a calculation by Chiles that the substitution of knuckle for sirloin tip butts by G&G could have resulted in illegal profits of up to \$192,000 a day.

He said young, inexperienced Army meat inspectors never detected the substitution because of the way the meat was cut.

Kehl said knuckle was substituted for sirloin, worth \$2.40 a pound more, in 50 per cent of Army steak orders from G&G. He said the firm also sent knuckle to Blue Ribbon Frozen Foods

of Hamden, Conn., to fill that firm's Army contracts.

Both New England meat processing firms, now closed, were owned by Harry and Frank Goldberg.

Charles Reidinger, former army supervising inspector in the Boston area, testified that Harry Goldberg started paying him \$200 a month in the fall of 1974 and later raised it to \$400. He said he was told the company "just wanted no major hassle, no nit-picking."

And Reidinger said Frank Goldberg furnished him with prostitutes about 10 times over a 10-month period.

Spec. 4 Nadja Hoyer-Booth, appearing in Army uniform, testified that she was assigned to beef inspection at G&G in the summer of 1974 at age 18 after only a day or two of schooling in beef inspection.

She said she was taught to steal meat by a fellow inspector and that she received such things as football and airplane tickets, weekend trips, clothing and perfume from the G&G manager and his assistant.

Manuel Pacheco, former civilian supervisor in the Army's Boston inspection office, said Harry Goldberg gave him \$100 a week at first and later \$200 a week "just for not hassling the employees."

The Senate hearing resumes Wednesday with witnesses from the Army's Health Services Command and veterinarian inspection service.

Report IRS Abused Investigative Power

WASHINGTON (AP) — The Internal Revenue Service has abused its unique investigative powers by granting the CIA and FBI illegal access to taxpayer returns, a Senate intelligence committee report says.

According to the report, "the FBI has had free access to tax information for improper purposes," while the CIA regularly bypassed official channels in obtaining IRS data.

The report, released today, added that both the CIA and FBI pressured the IRS to take action against "certain taxpayers for reasons having no bearing upon compliance with the tax laws," the report added.

The 85-page report also detailed the workings of such previously disclosed IRS programs as:

—The Special Services Staff's investigation of 11,000 politically active or dissident individuals and organizations;

—The Information Gathering and Retrieval System — "a glut of largely useless information" on nearly half a million Americans;

—Operation Leprechaun, in which special agents used informants, electronic eavesdropping and break-ins to gather information on the sex and drinking habits of Florida political figures.

The report is one of 13 volumes being released by the intelligence committee in support of its final report on domestic spying.

Most committee members say they hope the additional reports will dramatize the need for a new congressional panel to monitor intelligence agencies. Senate leaders reportedly reached a compromise agreement Monday night that would

establish such a committee.

The report said that between 1966 and 1974, the FBI made approximately 200 requests to IRS for tax returns. The majority of the requests, virtually all of which were granted, were intended for use in the FBI's Cointelpro operations, according to the report.

The bureau sought the returns of 107 "key activists" in the "new left" and "black nationalist" movements for use "as weapons in its campaign to neutralize them," the report said.

The IR also gave the FBI the names of contributors to such organizations as the Southern Christian Leadership Conference and Students for a Democratic Society, the report said.

Between 1957 and 1972 "the CIA obtained tax return information on at least 13 occasions through unofficial channels," the report said. "All but one of the disclosures would have been legal had the CIA followed legal procedures," according to the report.

"The CIA's illegal access" to tax data "led to at least two serious breaches of IRS responsibility for impartial, evenhanded enforcement of the tax laws," the report said.

In one case, the CIA's interest in the tax returns of Victor Marchetti, author of the book "The CIA and the Cult of Intelligence," led an IRS agent to offer the CIA an audit of Marchetti's tax returns over a three year period.

In another instance, IRS agents were willing "to tailor their treatment of Ramparts (magazine) to the desire and concerns of the Central Intelligence Agency" surrounding the disclosure by Ramparts of CIA ties with the National Student Association," the report said.

Jaycees Spearhead Member Drive For Scioto Society

The Circleville Junior Chamber of Commerce today announced its support of the Scioto Society Inc. and the outdoor drama, "Tecumseh", by spearheading a membership drive from May 11 until May 31.

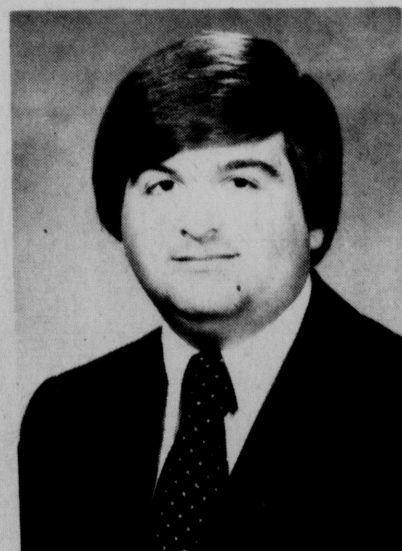

Two membership cards are available this year. The \$10 membership if good for three admissions to the drama. The \$25 membership allows eight admissions.

The cards are transferrable. Each admission is good for anyone presenting the card at the box office. This innovation makes the membership an exceptional investment for business or industry executives, to be given for an evening to employees or visiting business associates.

A membership may be used any evening Monday through Thursday, on separate occasions, or it may be used in one evening for three or eight patrons of the theatre, depending on the card purchased. There is a substantial savings over regular box office ticket costs. The card will be punched each time a ticket is issued by the office staff.

The proceeds from the sale of the memberships will help the Scioto Society meet current operational costs for the fourth season of the nationally known outdoor drama, "Tecumseh," presented at the Sugarloaf Mountain amphitheatre.

W. L. Mundell, president of the Society will serve as director for the drama this year. Heading a fine cast will be Mel Cobb in the title role. Cobb played Tecumseh in 1973 and 1974 and has many devoted fans in the area. Advance reservations for the coming

Bicentennial season are already keeping the office staff busy.

For the summer of 1976, several tour companies from Cleveland, Cincinnati and Columbus are offering a Scioto Valley package tour featuring highlights of Pike, Ross and Pickaway counties as well as a performance of "Tecumseh." This will add immeasurably to the \$16 million tourism impact generated by the drama on the Scioto Valley in 1975.

Joe Tomlinson will serve as Jaycee chairman of the "Tecumseh" membership drive committee. Cards may be purchased from him or from any member of the Jaycees as well as the Pickaway County trustees of the Scioto Society and the Society office at 6 W. Fifth St., Chillicothe.

3 States Hold Primaries

By THE ASSOCIATED PRESS

Jimmy Carter, far ahead in the race for the Democratic presidential nomination, took on a new foe in Nebraska's primary election today while President Ford tried to throttle Ronald Reagan's challenge in Republican voting there and in West Virginia.

Democrats were voting, too, in West Virginia, where the field was limited to two candidates, and in Connecticut, where the election was just the first step in picking the state's national convention delegation.

Ford, loser of four primaries in a row, squared off with Reagan in statewide popularity contests with no effect on the delegate count. But 25 Republican delegates were at stake in Nebraska in separate contests in congressional districts and West Virginians chose 28 delegates uncommitted by state law. Reagan went into today's primaries with 396 delegates to Ford's 309, with 1,130 needed for the nomination and 1,207 yet to be chosen.

The major Democratic contest was in Nebraska, where Sen. Frank Church of Idaho made his primary debut. There were 11 candidates on the Democratic ballot and 23 delegates at stake, but only Church and Carter campaigned there.

Sen. Robert Byrd, running as a favorite son, was considered the favorite in West Virginia's Democratic primary although, by law, the state's 33 delegates are uncommitted. The only other candidate on the ballot was Alabama Gov. George C. Wallace, whose campaign in the state was hampered by a lack of money.

In Connecticut, Democrats voted in a party-run primary to choose delegates to June 12 congressional district conventions that will in turn pick the state's 51 delegates to the national convention.

Carter, Rep. Morris K. Udall of Arizona and Sen. Henry M. Jackson of Washington were the main contenders there, though Jackson announced over a week ago an end to his active campaign.

Carter led the Democrats before this week's voting with 569 delegates to 199 for Jackson, 187.5 for Udall and 138 for Wallace. Another 1,453 are to be chosen, with 1,505 needed for the nomination.

Voting in West Virginia was from 6:30 a.m. to 7:30 p.m. EDT, in Connecticut from noon to 8 p.m. EDT, and in Nebraska 9 a.m. to 9 p.m. EDT.

Ford and Reagan spent considerable time in Nebraska, but Ford was in Washington the day before the election, Reagan in California.

Ron Nessen, the President's press secretary, said Ford was optimistic about his chances in Nebraska and West Virginia, but felt both would be close.

Carter was at home in Plains, Ga., Monday, while Church continued his push for votes in Nebraska. In an election eve telecast, Church said, "In this country, it's never too late and the odds are never too great."

The Idaho senator, who entered the race late, conceded in an earlier interview victory over Carter in Nebraska would be a "political miracle." But he added, "Miracles sometimes happen, though rarely."

In other political developments:

—Wallace aides in Montgomery said the Alabama governor's scheduled campaign trip to Maryland — where he was seriously wounded in a 1972 assassination attempt — has been called off.

Wallace was to have held a news conference Saturday at a Laurel, Md., motel on the fourth anniversary of the attack at a nearby shopping center that left them partially paralyzed.

Billy Joe Camp, the governor's press secretary, offered no explanation for cancellation of the trip.

—Sen. Hubert H. Humphrey said in Atlantic City, N.J., that victory by California Gov. Edmund G. Brown Jr. in Maryland's primary next week would "send a whole set of reverberations through the Democratic party that will give people second thoughts about a frontrunner."

Humphrey is not a candidate for the

nomination, but has said he would accept a convention draft.

Carter's schedule for today included campaign stops in Maryland, where Brown has been concentrating for several days.

—A White House aide said Ford is trimming 60 positions from his campaign staff to channel \$60,000 a month from salaries to his primary efforts.

Part of the money will pay for

televised advertising in Ford's home state of Michigan, where he faces a crucial challenge from Reagan the aide said.

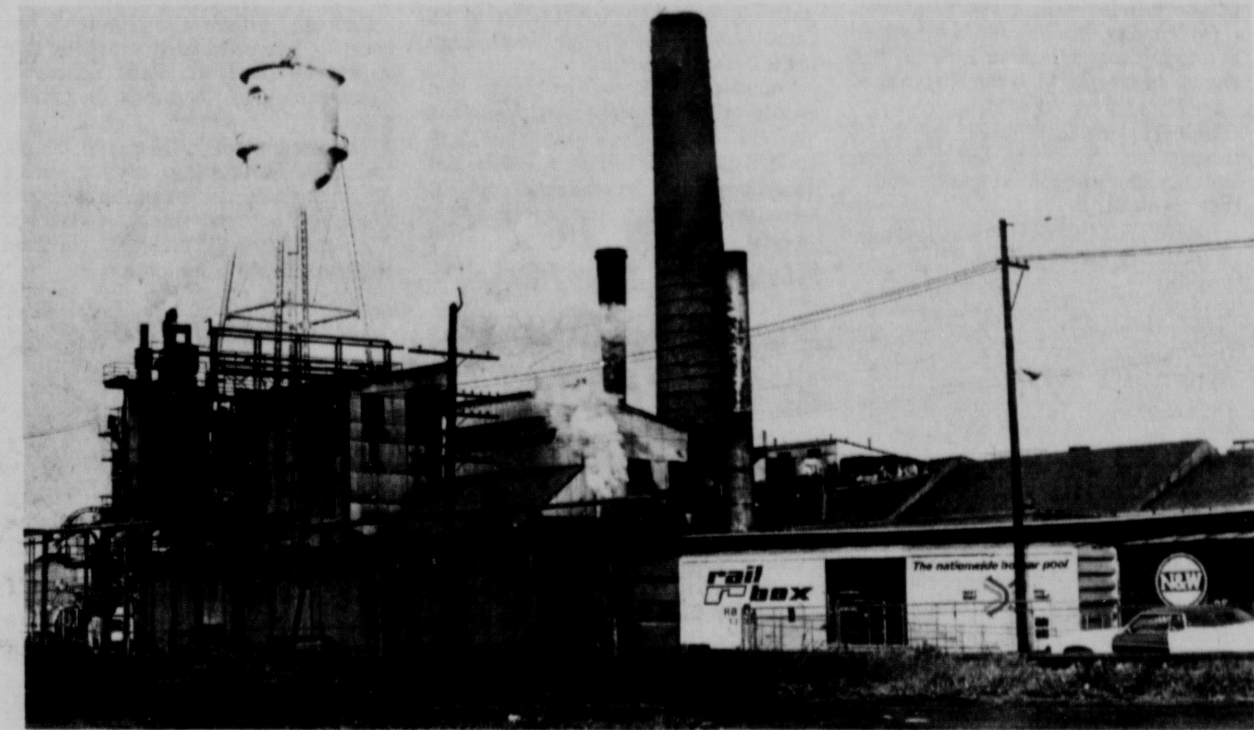

Nessen said separately Ford will make two trips to Michigan this week, instead of one. He will visit the state Wednesday and again over the weekend after campaigning in Kentucky and Tennessee, Nessen said.

—An aide to George Meany,

president of the AFL-CIO, confirmed that the 81-year-old labor leader will meet privately with Carter in Washington Friday.

—Chicago's Mayor Richard J. Daley said a Democratic ticket of Carter and Illinois Sen. Adlai E. Stevenson would be "outstanding."

But Daley said Carter hasn't won the nomination yet, and "you'll see a lot of things happen between May and July."

HEAVY LOSSES — The Circleville Fire Department dispatched to a fire at the Container Corporation plant at 3:30 a.m. this morning. The fire caused extensive losses to

the building. Firemen report the burning was confined to the roof section. The cause is still under further investigation by the fire department.

Report Discrimination By Unions

WASHINGTON (AP) — The U.S. Civil Rights Commission said today that widespread racial and sex discrimination prevails throughout the nation's building trades and trucking unions.

Despite numerous federal laws, court decisions and government programs, these unions "continue to restrict the employment opportunities of minorities and women," the commission said in a 291-page report issued today.

The commission said the discrimination "is less frequently caused by clear intent than it was a decade ago and more by apparently neutral, but still discriminatory, institutional practices."

The report contained 15 recommendations for strengthening federal employment opportunity programs, including one that would require unions that have agreements

with federal construction contractors to set goals and timetables for the hiring of minorities and women.

Another recommendation that the Interstate Commerce Commission require regulated trucking firms to submit affirmative action programs with goals and timetables for hiring and promoting minority and female workers. Federal licenses would be revoked for noncompliance.

The report focused on the so-called referral unions, such as those in the construction and trucking industries that refer workers directly to employers through such means as hiring halls.

It said discrimination is exercised through union practices related to membership rules, recruitment methods, limitations on membership size, referral eligibility, and apprenticeship requirements, including restrictions on age, education and experience.

Government figures, the report said, indicate minorities account for 9.3 per cent of the membership of 15 national building trades unions. But it said the percentage of minorities who are actually journeymen engaged in construction work could be under 5.5 per cent.

Women, it said, are a rarity on construction work, accounting for less than 1 per cent of all unionized construction workers.

Robert A. Georgine, president of the AFL-CIO Building and Construction

Trades Department, called the findings inaccurate and said blacks make up 19 per cent of construction union apprentices.

But, he said in a statement, many apprentices, both black and white, have not been able to put time in on a job because of "the tremendous unemployment situation in the construction industry, which has been in double-digit figures for the past 23 months."

Welfare Bids Rise

COLUMBUS, Ohio (AP) — About 500 single persons and childless couples in Franklin County have applied for welfare under more liberal guidelines permitted by a federal court ruling last month, the county welfare department said.

The department said as many as 35,000 residents may be eligible for general relief at a monthly processing cost of \$125,000.

An April 12 ruling in U.S. District Court said persons without children but able to work are eligible to apply for welfare.

Employable persons who are accepted by the welfare department will be required to register with the state Bureau of Employment Services and must agree to be placed in a work relief program.

The department said it is taking applications but will not authorize payments until receiving instructions from the state Department of Public Welfare.

Weather

Considerable cloudiness with a chance of showers or thundershowers today with a high near 70. Partly cloudy and cooler tonight and Wednesday. Temperatures tonight in the low 40s and the low to mid 60s Wednesday. Chances of precipitation, 30 per cent today, 20 per cent tonight and 10 per cent Wednesday. High Monday was 77 with a low during the night of 57.

Hartke, Lugar To Square Off

INDIANAPOLIS (AP) — Sen. Vance Hartke and his Republican challenger met face-to-face Monday for the first time since the primary election.

Hartke and Richard G. Lugar appeared at the annual meeting of the Indiana Senior Citizens Association.

The Democrat said Lugar has to ultimately answer the question whether he's going to support what Hartke has been doing or what President Ford has done.

The former Indianapolis mayor said he did not come to discuss the President's voting record. He said he favors increases for senior citizens as well as many other citizens. Lugar also cautioned that increased spending programs will spur inflation and nullify the effects of the benefits.

Markets

NEW YORK (AP) — The stock market advanced broadly today in a mood of continued economic optimism on Wall Street.

The Dow Jones average of 30 industrial stocks gained more than 2 points in the early going, and gainers led losers by close to a 3-1 margin among New York Stock Exchange-listed issues.

Brokers said the rally in stock prices that began late last week was drawing support from recent forecasts, both in Washington and among private businessmen, that the economy would continue improving through the next year.

Today's early prices included U.S. Steel, up 1/8 at 85 1/2; Exxon, ahead 7/8 at 99; NCR, up 1/4 at 29 3/4, and Vetco Offshore Industries, 5/8 higher at 22 1/2.

On Monday the Dow Jones industrial average jumped 11.26 to 1,007.48, just shy of its closing high for the year of 1,011.02 reached April 21.

Gainers outpaced losers by a 5-2 margin among NYSE-listed issues, and the exchange's composite index rose .64 to 54.90.

Group Ditch Procedure Established

The procedure in establishing the maintenance assessments for voluntary group drainage ditches was discussed by Pickaway County Commissioners Monday.

Present at the meeting were Commissioners Dick T. Tootle, L. Robert Liston and Donald Strous; county engineer Henry McCrady and his assistant Robert Parker; district soil conservationist Donald Archer; H. E. Schmidt, group leader of Grove Run ditch; county prosecutor Richard Gerhardt.

The order of procedure in voluntary ditches will be for petitioners to first contact the Pickaway Soil and Water Conservation District for planning and engineering.

The maintenance assessment planning must then be submitted to the county commissioners and from them to the county engineer.

Following approval by these two county offices, a public hearing must be held. While Yesterday's meeting applied to the Grove Run Ditch, the procedure will be followed on all voluntary ditches.

Blanche Metzger Day Set Sunday In Stoutsville

The congregation of the Heidelberg United Church of Christ in Stoutsville announced that Sunday will be observed as a special recognition Sunday for Mrs. Blanche Meyers Metzger.

Mrs. Metzger has been a life long resident of Stoutsville. For over 65 years she has served as a Sunday School teacher and leader in the Heidelberg Church. She is an active member of the Women's Guild, and a former member of the church orchestra. She has been active in numerous church activities and has toured the Holy Lands as a part of her interest in the Christian faith.

Mrs. Metzger, a retired employee of the Second National Bank in Circleville, has served her community as willingly as she has her church. She has helped with the mental retardation program, the Red Cross, the Cancer Crusade and the Heart Fund. She has been active in the Extension Homemakers participating in numerous projects and tours.

In order to recognize Mrs. Metzger for her lifelong service to her church and her community a special Sunday School program will be devoted to her, Sunday morning. The Sunday School begins at 9:30 a.m. at the Heidelberg Church in Stoutsville and all of Mrs. Metzger's former students and friends are invited to attend. Also a special reception will be held at the church in her honor from 2-4 p.m. Everyone is welcome and invited to attend.

A "Liberty Tree" donated to the village by the Fairfield County Bicentennial Commission will be planted in village property, located adjacent to the firehouse. The dedication will be at noon and will be part of the ceremony of honoring Mrs. Metzger.

THERESA WILLIAMS

Local Girl Wins Award

Theresa Williams of Route 5 has recently been awarded a scholarship to attend the Ohio State School of Cosmetology in Columbus, beginning June 21.

The training is a 10-month course including haircutting, styling, color etc. pursuant to examination and licensing by the State Board of Cosmetology and includes certified Redken Scientific Training.

Villages Meet To Discuss Sewage Plant

A joint meeting of the village councils of Ashville and South Bloomfield and the Pickaway County Commissioners was held Monday in Ashville. The meeting was the first step in acquiring federal funds for a proposed sewage treatment plant for the area.

In addition to council members, representatives of Dumond and Sifford and of Burgess and Niple, consulting engineering firms were present.

Federal funding for the proposed project would be 75 per cent of the total cost. The local community would pay 25 per cent.

Present plans are for the local communities to seek an FHA loan for its share.

South Bloomfield had applied several years ago for federal funding for construction of a sewer plant but the program was terminated before the application was granted.

In seeking funds under the new federal program, the village councils and some unincorporated areas were combined for purposes of making the application.

Darbyville Council Holds Session

Darbyville village council held an emergency meeting last Friday in order to authorize the Mavor Marietta Knece to have two trees that had been damaged by the wind removed.

The trees were in an alley in the village and presented a safety hazard. Council members present were Naomi Griffey, Trudy Huffer, Rose Perkins, Rosemary Leach, Manilia Schatz, Ruth Massingale and Sarah Bucey were unable to attend.

The Memorial Day Services in the village will begin with a parade scheduled to leave the Muhlenberg School at 11 a.m.

FB Council Meets

The Cream of the Crop Farm Bureau Council met Friday night at the home of Leroy and Sandy Clark.

We agreed to attend the Reds game on July 17 and also to carry a banner in the Council Parade.

Topic for discussion was "Policy Development 1977".

The next meeting will be held at the home of Louis and Chris Trapp.

City Board To Act On Important Items

Among the items to be considered Thursday night by the Circleville Board of Education will be the resignations of three teachers and one custodian and the resignations of six teachers from extra-curricular activities. Two of the clubs involved will be discontinued due to lack of student interest.

The board will also act on the increase of one teacher's contract from seventh tenths to full-time and the assignment of one teacher for extra-curricular duties.

Several items which will be of concern to local residents have been submitted to the board on an advanced agenda presented by Superintendent Fritz Jacobs.

The superintendent is requesting the board approve a transfer of first, second and third graders at Corwin Street School to Mound and South Court Elementaries for the 1976-77 school year. Jacobs stated on the advanced agenda that the enrollment is too small to justify classes at Corwin.

Another item of importance concerning attendance is the assignment of families north of Fairlawn Drive and a section of Ridgewood Drive that exceeds one mile from Atwater School to Nicholas Drive Elementary. The item on the agenda requests that the board approve the re-assignment of these students but if students now attend Atwater, they can continue but will have no transportation. Transportation will be available only to Nicholas Drive.

Town and Country Commercial Driver Education representative will be present to discuss contracting the school's driver education program for next year.

Also included on the advanced agenda presented to the board members by the superintendent is the requests from four teachers to attend professional meetings; the list of graduates for 1976; foreign language trip; early dismissal for June 4 and driver education fee of \$5 for summer and the 1976-77 school year.

Policies for the school accident insurance and the driver education car insurance will be presented for renewal.

Staff members whose contracts call

for extended service for the summer will be on the agenda for approval.

Both the summer driver education program and the regular summer school program will be presented for board action.

Final items to be considered are the textbook adoptions for freshman and eighth grade industrial arts and the new insurance rates for buildings and contents.

Rank Of Esquire Given By Knights

Rank of Esquire was conferred on Garry Rittinger and Robert Vanover following the regular Monday meeting of Philos Lodge 64, Knights of Pythias.

Master of Work David Blue presided over the initiation ceremony.

Visitors at the meeting were from Palmetto Lodge, Ashville, and Scippo Lodge, Stoutsville. Lunch was served. Chancellor Commander James Denman announced that the Rank of Knight will be bestowed following next Monday's 8 p.m. business meeting.

The trees were in an alley in the village and presented a safety hazard. Council members present were Naomi Griffey, Trudy Huffer, Rose Perkins, Rosemary Leach, Manilia Schatz, Ruth Massingale and Sarah Bucey were unable to attend.

The Memorial Day Services in the village will begin with a parade scheduled to leave the Muhlenberg School at 11 a.m.

FB Council Meets

The Cream of the Crop Farm Bureau Council met Friday night at the home of Leroy and Sandy Clark.

We agreed to attend the Reds game on July 17 and also to carry a banner in the Council Parade.

Topic for discussion was "Policy Development 1977".

The next meeting will be held at the home of Louis and Chris Trapp.

City Board To Act On Important Items

Among the items to be considered Thursday night by the Circleville Board of Education will be the resignations of three teachers and one custodian and the resignations of six teachers from extra-curricular activities. Two of the clubs involved will be discontinued due to lack of student interest.

The board will also act on the increase of one teacher's contract from seventh tenths to full-time and the assignment of one teacher for extra-curricular duties.

Several items which will be of concern to local residents have been submitted to the board on an advanced agenda presented by Superintendent Fritz Jacobs.

The superintendent is requesting the board approve a transfer of first, second and third graders at Corwin Street School to Mound and South Court Elementaries for the 1976-77 school year. Jacobs stated on the advanced agenda that the enrollment is too small to justify classes at Corwin.

Another item of importance concerning attendance is the assignment of families north of Fairlawn Drive and a section of Ridgewood Drive that exceeds one mile from Atwater School to Nicholas Drive Elementary. The item on the agenda requests that the board approve the re-assignment of these students but if students now attend Atwater, they can continue but will have no transportation. Transportation will be available only to Nicholas Drive.

Town and Country Commercial Driver Education representative will be present to discuss contracting the school's driver education program for next year.

Also included on the advanced agenda presented to the board members by the superintendent is the requests from four teachers to attend professional meetings; the list of graduates for 1976; foreign language trip; early dismissal for June 4 and driver education fee of \$5 for summer and the 1976-77 school year.

Policies for the school accident insurance and the driver education car insurance will be presented for renewal.

Staff members whose contracts call

for extended service for the summer will be on the agenda for approval.

Both the summer driver education program and the regular summer school program will be presented for board action.

Final items to be considered are the textbook adoptions for freshman and eighth grade industrial arts and the new insurance rates for buildings and contents.

Rank Of Esquire Given By Knights

Rank of Esquire was conferred on Garry Rittinger and Robert Vanover following the regular Monday meeting of Philos Lodge 64, Knights of Pythias.

Master of Work David Blue presided over the initiation ceremony.

Visitors at the meeting were from Palmetto Lodge, Ashville, and Scippo Lodge, Stoutsville. Lunch was served.

Chancellor Commander James Denman announced that the Rank of Knight will be bestowed following next Monday's 8 p.m. business meeting.

Deputy Sheriffs Can Win Prizes

COLUMBUS, Ohio (AP) — Deputy sheriffs in the state will be eligible to win resort vacations based on their success in crimefighting, the Ohio Farm Bureau Federation says.

The federation says it is cosponsoring a program with the Buckeye State Sheriff's Association to recognize deputies for their work in criminal investigations, apprehensions and recovery of stolen goods.

Dubbed the "Gold Star Award Program," the program will choose a winner from the 2,200 county deputies in the state. They will receive points according to the types of crime they solve.

The top deputy will receive a one-week vacation for two, while runners up will receive three and two-day vacations.

Dear Abby:

By Abigail Van Buren

Decoding The Single-Earring Symbol

DEAR ABBY: That Montana husband probably wears a gold earring in his left ear for the same reason I have a gold tooth in front with a ruby in it. I like it!

AN INDIVIDUAL
DEAR ABBY: I'm with you. A person's right to be himself is one of our cherished freedoms, so why should a person have to "explain" his reason for it? It's HIS ear and HIS business, and as far as I know, wearing an earring is neither immoral nor illegal. But there seems to be a variety of opinions. Read on.

DEAR ABBY: A Montana wife asked you why her husband suddenly started to wear a tiny gold earring in his left ear. (She asked him and he refused to tell her.) You said you didn't know, but if she ever found out, to let you know.

I'm surprised that you didn't know, Abby. It means that he has become a member of the gay community.

HEP IN OAKLAND
DEAR ABBY: I'm a man who had his ears pierced four years ago, and you wouldn't believe the static I've had from people because of one little speck of gold the size of a pinhead!

I've been accused of being a homosexual, a latent transvestite and just plain weird. I assure you I am as average as most men.

I attend college and see more and more macho guys wearing earrings on campus. I don't know if there is any significance to wearing only one earring in the left ear. I wear mine there because I am right-handed, and it's easier to put on. My buddy wears one in his right ear because it's not seen by the police if he's stopped for a traffic violation. Sign me...

PIERCED AND PROUD
DEAR ABBY: A sailor who has sailed three years on the coast of China wears a gold ring in his left ear to prove that he has been there.

RETIRED CAPTAIN—AGE 80
DEAR ABBY: Men have worn earrings for centuries—Shakespeare, Rembrandt and King James II, to name a few of the more prominent of them.

Ancient Greeks and Romans borrowed the custom from the Persian and Indian men. And our own American Indian braves also wore

earrings. And how about the early African warriors? And the pirates?

Men wore earrings long before women did, so why all the ruckus? LIVE AND LET LIVE

DEAR ABBY: I am a man who wears a little gold earring in my left ear because of my religion.

I am a Buddhist, and all Buddhists wear one gold earring and always in the left ear.

I am surprised you didn't know that, Abby.

A BUDDHIST
DEAR BUDDHIST: And if you are really a Buddhist, I am surprised that you don't know how to spell "Buddhist."

DEAR ABBY: According to an ancient Chinese belief, the wearing of an earring in the left ear symbolizes that that person's life has been endangered, and to prevent a recurrence, an earring is worn. It is supposedly protection against bad luck.

AUDREY IN SINGAPORE
DEAR ABBY: A man wears a gold earring in his left ear to let the world know that he has crossed the equator. OLD MARINER

LEGAL NOTICE
Pursuant to Ordinance No. 36-76 sealed bids will be received by the Director of Public Safety of the City of Circleville, Ohio, at the Office of the Mayor, until 12:00 Noon, May 21, 1976, for furnishing a Police Package Automobile Police Cruiser for the Police Department of the City of Circleville, Ohio according to the plans and specifications on file in said Safety Director's Office. The lowest and best bid will be determined on the basis of bids based upon (a) cash purchase (b) a trade-in allowance for a 1974 Dodge Monaco automobile now owned by the City of Circleville and in the possession and use of the Police Dept. of the City of Circleville, Ohio. Each bid must contain the full name of every person or company interested in the same, and be accompanied by a Certified Check in the sum of \$200.00, as a Guaranty that if the bid is accepted, a contract will be entered into and it's performance properly secured. Should any bid be rejected, such check will be returned to the bidder, and should any bid be accepted, such check will be returned upon the proper approval and delivery of said car. A cold front moving into Ohio from the west was expected to spread showers and thundershowers across the state today.

The front will push through the state today and should be well east of Ohio by Wednesday morning. Showers were to end from the west as the day progresses.

Skies will clear tonight and Wednesday under the influence of high pressure now located in Minnesota. Winds were to shift to the northwest this afternoon, bringing cooler Canadian air back into Ohio. The showers and cooler air were to hold most highs to the 60s today.

Lows tonight will fall back into the 40s with highs Wednesday reaching only the upper 50s and 60s.

Man Seeks Sheriff's Job

BATAVIA, Ohio (AP) — Junkyard operator John Coyne launches his campaign Wednesday for Clermont County sheriff in a 38-ton, World War II tank that cost him a six-month jail term.

Coyne spent six months in jail last fall rather than remove the tank from his salvage lot.

The 32-year-old New Richmond man says he is seeking the post as a write-in candidate.

Coyne has been battling county officials for more than seven years over a range of issues, including the tank and his refusal to erect a fence around his junkyard and remove old cars from his grounds.

He was sent to jail on a contempt of court charge when a common pleas court judge ordered him to remove the tank from the junkyard.

Coyne contended the tank was a collector's item—not junk—and protested his case by going to jail.

The Ohio township had charged he was violating zoning ordinances.

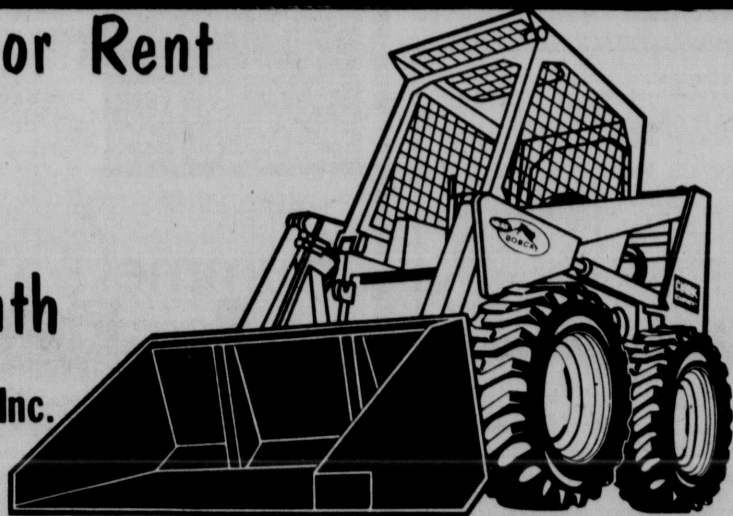

"One thing I can't understand," said Coyne, "is why the competition is so great for a job that pays only \$13,000 a year."

DEAR ABBY: That Montana husband probably wears a gold earring in his left ear for the same reason I have a gold tooth in front with a ruby in it. I like it!

AN INDIVIDUAL. DEAR INDIVIDUAL: I'm with you. A person's right to be himself is one of our cherished freedoms, so why should a person have to "explain" his reason for it? It's HIS ear and HIS business, and as far as I know, wearing an earring is neither immoral nor illegal. But there seems to be a variety of opinions. Read on.

DEAR ABBY: A Montana wife asked you why her husband suddenly started to wear a tiny gold earring in his left ear. (She asked him and he refused to tell her.) You said you didn't know, but if she ever found out, to let you know.

I'm surprised that you didn't know, Abby. It means that he has become a member of the gay community.

HEP IN OAKLAND. DEAR ABBY: I'm a man who had his ears pierced four years ago, and you wouldn't believe the static I've had from people because of one little speck of gold the size of a pinhead!

I've been accused of being a homosexual, a latent transvestite and just plain weird. I assure you I am as average as most men.

I attend college and see more and more macho guys wearing earrings on campus. I don't know if there is any significance to wearing only one earring in the left ear. I wear mine there because I am right-handed, and it's easier to put on. My buddy wears one in his right ear because it's not seen by the police if he's stopped for a traffic violation. Sign me...

PIERCED AND PROUD. DEAR ABBY: A sailor who has sailed three years on the coast of China wears a gold ring in his left ear to prove that he has been there.

RETIRED CAPTAIN—AGE 80. DEAR ABBY: Men have worn earrings for centuries—Shakespeare, Rembrandt and King James II, to name a few of the more prominent of them.

Ancient Greeks and Romans borrowed the custom from the Persian and Indian men. And our own American Indian braves also wore

earrings. And how about the early African warriors? And the pirates?

Men wore earrings long before women did, so why all the ruckus?

LIVE AND LET LIVE. DEAR ABBY: I am a man who wears a little gold earring in my left ear because of my religion.

I am a Buddhist, and all Buddhists wear one gold earring and always in the left ear.

I am surprised you didn't know that, Abby.

A BUDDHIST. DEAR BUDDHIST: And if you are really a Buddhist, I am surprised that you don't know how to spell "Buddhist."

DEAR ABBY: According to an ancient Chinese belief, the wearing of an earring in the left ear symbolizes that that person's life has been endangered, and to prevent a recurrence, an earring is worn. It is supposedly protection against bad luck.

AUDREY IN SINGAPORE. DEAR ABBY: A man wears a gold earring in his left ear to let the world know that he has crossed the equator. OLD MARINER

A cold front moving into Ohio from the west was expected to spread showers and thundershowers across the state today.

The front will push through the state today and should be well east of Ohio by Wednesday morning. Showers were to end from the west as the day progresses.

Skies will clear tonight and Wednesday under the influence of high pressure now located in Minnesota. Winds were to shift to the northwest this afternoon, bringing cooler Canadian air back into Ohio. The showers and cooler air were to hold most highs to the 60s today.

Lows tonight will fall back into the 40s with highs Wednesday reaching only the upper 50s and 60s.

Man Seeks Sheriff's Job

BATAVIA, Ohio (AP) — Junkyard operator John Coyne launches his campaign Wednesday for Clermont County sheriff in a 38-ton, World War II tank that cost him a six-month jail term.

Coyne spent six months in jail last fall rather than remove the tank from his salvage lot.

The 32-year-old New Richmond man says he is seeking the post as a write-in candidate.

Coyne has been battling county officials for more than seven years over a range of issues, including the tank and his refusal to erect a fence around his junkyard and remove old cars from his grounds.

He was sent to jail on a contempt of court charge when a common pleas court judge ordered him to remove the tank from the junkyard.

Coyne contended the tank was a collector's item—not junk—and protested his case by going to jail. The Ohio township had charged he was violating zoning ordinances.

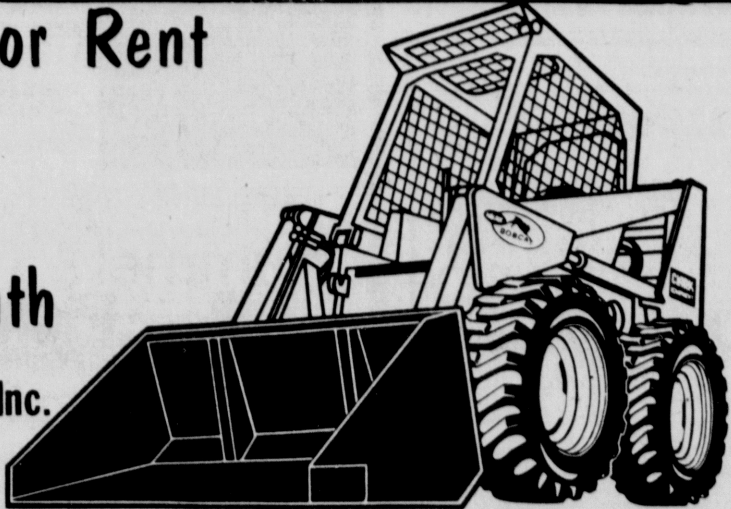

"One thing I can't understand," said Coyne, "is why the competition is so great for a job that pays only \$13,000 a year."

Because a government body has no profit motive, and therefore little incentive for efficiency, it is a poor medium for conducting a business. The contrast between the failures of Soviet state-run agriculture and other businesses and their successful counterparts in the United States should be obvious.

Even so, proponents of big government continue to insist that only government can meet many of the major challenges facing us in the remainder of this century. The creation of new energy sources and deep-sea mineral exploration are two which are

frequently mentioned.

Plumbing the depths of the oceans might well require government cooperation—although not necessarily predominance—because international laws could be involved. But what of energy?

In a recent speech, Interior Secretary Thomas S. Kleppe put himself squarely on the side of private enterprise as the prime energy developer.

"Some politicians preach the breakup of major corporations," Kleppe noted. "Well, I would point out to you that many of the energy development programs we must undertake require huge

amounts of money and expertise—and only large corporations have the resources. We should encourage private capital to do the job rather than use tax dollars."

Kleppe concluded by noting that "the mentality which calls for government takeover of business is the same mentality which would have the government dictate what products will be produced, what quality and colors will be available, and what prices will be charged."

More of that kind of bureaucratic interference is not going to attract solutions to tomorrow's problems.

NEW YORK — When Miss Janet Guthrie shoots her racing car onto the Indianapolis Speedway this weekend in a test for the "Indy 500," she'll be smashing down barriers... hopefully, only sexist ones.

Thirty-eight-year old Janet, a gutsy girl who learned to fly planes at age 13, could win it all in the Indianapolis Classic. Win all the respect of her fellow females, and of competing male racing veterans, that is.

Even she won't predict she could come in as a talented rookie and take the grand prize on a track that didn't even allow women in the pits five years ago!

"I'm a sensuous driver," she says calmly. In fact, when she's not in competition, she gives clinics in "sensuous driving" around the country for Toyota, which pays her a salary that helps pay her entry fees in races. And the "sensuous driver," she explains carefully, is one who watches the cars ahead and the cars behind, with a view to safety.

This may explain why a sports reporter noted in her race at the Trenton 200 last weekend that "Miss Guthrie was hesitant about passing slower cars." This may be a sensible, sensuous approach to racing — male chauvinists could call it a polite feminine approach — and it classified her in 15th place at the finish. Which was not bad. Famed driver A. J. Foyt, who had engine

problems, was classified 18th at Trenton.

As people who read sports pages are well aware by now, handsome Janet is by profession an aerospace engineer and physicist.

But any woman who had her own commercial pilot's license at 18 is unlikely to be content with even exotic work in offices and laboratories. She's a speed nut and, after she bought a Jaguar 13 years ago, she became hooked on racing because, she says, "it demands the best of you. It's complete involvement. You have to be committed emotionally, mentally and physically." Just as some men climb mountains "because they are there" — Janet races because she is hungry for action.

She scoffs at the common psychological diagnosis of race drivers as suicidal, and believes that "racers are superior drivers who drive to stay alive."

Janet is cautious. Still, she has been injured in her climb toward competition with men in a sport that, till now, has been one of the last all-male preserves. She was taken to a hospital emergency room at 2 a.m. after getting her finger caught between the engine block and the fire walls (she, of course, takes apart and repairs her own cars). But she raced the next day. Like most of us, her most serious accident occurred at home. She broke a foot while exercising in front of her TV set. Then she took the cast off her

foot to do the test run which won her the Indianapolis offer.

"What makes a good driver?" she says in answer to the questions. "A good driver is a sensuous driver — and that has nothing to do with sexiness. You use your senses. Your eyes, ears, nose and touch should be constantly alert for changes which could spell trouble. You keep your senses tuned up as well as you keep your car tuned."

"Take your smells. If you smell exhaust fumes, watch out. Exhaust contains carbon monoxide which can make you drowsy. You may notice a slightly garlicky scent, almost a taste, when it starts to get to you. Keep your windows open until you get to a service station."

"A smell like rotten fish in a manual transmission is an indication the clutch is in trouble. An acrid smokey smell could mean burning in the electrical system," Janet warns.

Your ears should be tuned in at all times. "A squealing sound in the engine area is probably a loose, slipping fan belt. An increase in road noise could mean just a change in the surface, or it could be a tire going flat. If your car makes a lot of road noise, it probably has a bad wheel bearing. A noisy, clacking sound in the engine calls for checking the oil immediately. A scraping sound when you step on the brake means you need new linings — fast!"

Other Guthrie tips: if the steering wheel vibrates, the front end needs help. It could be worn shock absorbers, but most likely the tires are out of balance or the ball joints need replacing. If your brake pedal feels "spongy or mushy," you may have a leak in the brake system. And "if you're riding rough, and the road looks okay, you probably need new shock absorbers."

And most important, grins Miss Guthrie:

"If you feel like speeding, and you're not on a race track — don't. If you get a constant seat-of-the-pants urge to get ahead of the car in front of you, either take up race driving professionally — or give up driving altogether until the urge goes away."

Ford Backs Improved U.S. Defense

WASHINGTON (AP) — President Ford pledged today that U.S. armed forces will have the weapons to "give America a mighty power" to defend itself and help build world peace.

Ford made the promise in a speech prepared for delivery at a ceremony on the Washington Monument grounds marking Armed Forces Week.

Some of the latest U.S. military weapons were on display at the site.

Ford recalled the words of George Washington that "to be prepared for war is one of the most effectual ways of preserving the peace."

The President, echoing a theme that has become an issue in his primary campaign against Ronald Reagan, declared the nation's "defenses are strong and we will keep them strong."

Ford said the "character of a nation's soldiers and their commanders determines military strength more than any other single factor."

Ford promised to give them "the finest tools this country can provide.... We will give them the means to do the job."

Pointing to the planned B1 bomber, the proposed Trident missile launching fleet, a new battle tank, new fighters and a new intercontinental ballistic missile, Ford said they set the foundation for "a strong, and technologically superior force through the 1980s."

He cited the new cruise missile now being developed as "a significant new technology in which we lead the world."

"The weapons we hold today and those we plan for the future give America a mighty power," Ford said.

Speaking Of Your Health

by Lester L. Coleman, M.D.

Each year, in the spring, my daughter, 6, develops croup. It absolutely terrifies her and us. Do you think it is a coincidence that it happens at the same time each year?

Mrs. G. G., Ohio

Dar Mrs. F.:

Croup is an inflammation or infection of the lining of the throat, the larynx (windpipe) and the lungs.

This condition occurs most frequently in very young children. As the child grows older, the swelling of the lining of the windpipe usually does not interfere with breathing as before.

Many doctors recognize that this condition tends to occur most frequently in the late winter and early spring. There may be an allergic factor which precipitates the croup.

A virus or streptococcus infection can also produce the thickening of the mucous membrane lining and thus interfere with the normal passage of air into the lungs.

Croup is probably one of the most distressing conditions for the young child, for the parents and for the physician. Fortunately, the severity and the duration of croup have been diminished since the advent of the antibiotics and cortisone.

Steam inhalations are probably the most soothing treatment for difficulty in breathing and for the relief of the barking cough.

What is this "cellulite" that is being talked about so much? Could this be why I can't lose weight on a reducing diet?

Miss R.E., Mass.

Dear Miss E.:

The Medical Society of the County of New York has issued a definitive statement about this new type of exploitation of the overweight.

They said, "Cellulite is hooey and serves no benefit whatsoever... except possibly the enrichment of the authors of two heavily publicized books on 'cellulite.'"

In a special article, the Society attacked the claims of the writers that "cellulite" and not fat is responsible for overweight.

The Medical Society firmly stated, "The truth is that fat is fat, and the nutritional advice contained in the books could be harmful."

All overweight people must eventually come to the realization that there is no short-cut to losing weight. Reduction of caloric intake is the only

way to lose weight and keep it off.

SPEAKING OF YOUR HEALTH...

Leftover creamy salads and desserts can harbor harmful germs. They thrive on foods that are not properly refrigerated.

Butler County Farm Site Probe Slated

HAMILTON, Ohio (AP) — A probe was scheduled today by Environmental Protection Agency officials and U.S. Army chemical experts on a farm site where hazardous materials are believed buried in a landfill.

Butler County Sheriff Robert Walton, who delayed a previous search warrant until military assistance was available, said he asked for Army experts because of a report that cyanide, mustard and nerve gases were dumped at the site.

Walton said the owner of the farm, Albert Skinner, confirmed that the chemicals were buried at the former landfill.

Walton said he is "quite certain there is no immediate danger" to area residents.

He said the Army "has advised us that they cannot state with any degree of certainty that dangerous materials may not have been buried on this site several years ago." Walton added that there is "some circumstantial evidence that these allegations may be true."

The potentially-dangerous chemicals reportedly originated from a former Army depot in Sharonville.

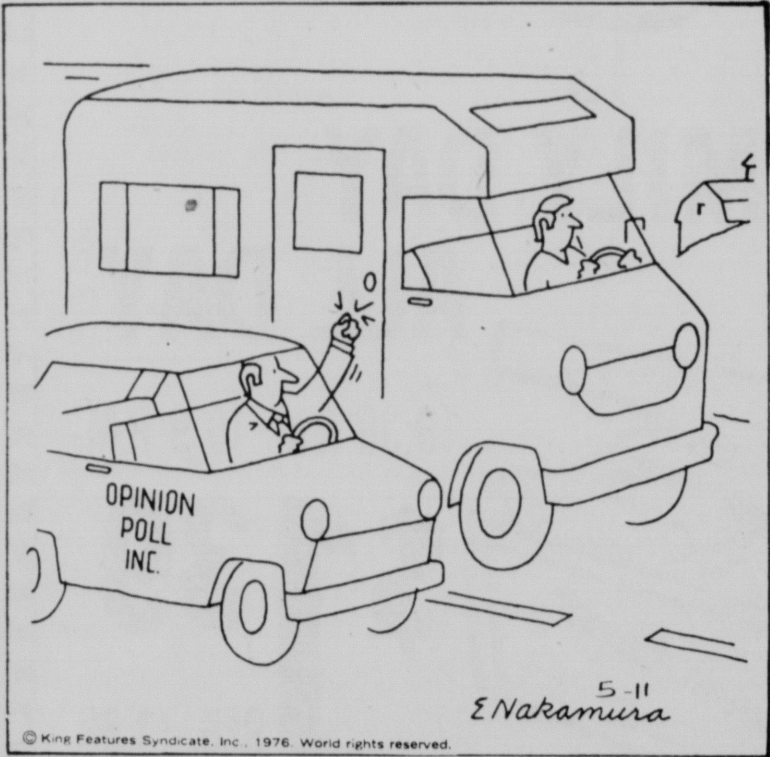

The Ohio EPA last week obtained a search warrant to explore the landfill, but delayed the investigation due to the possible danger.

Another search warrant was obtained Monday.

The controversy flared two weeks ago when a railroad tanker began emitting vapors and overheated at the ChemDyne plant in Hamilton. Officials said they believed the contents of the tank were dumped at the landfill.

Since then, soil and water samples have been taken from the Skinner landfill. The results have not been made public.

Speaking Of Your Health

by Lester L. Coleman, M.D.

Each year, in the spring, my daughter, 6, develops croup. It absolutely terrifies her and us. Do you think it is a coincidence that it happens at the same time each year?

Mrs. G. G., Ohio

Dar Mrs. F.:

Croup is an inflammation or infection of the lining of the throat, the larynx (windpipe) and the lungs.

This condition occurs most frequently in very young children. As the child grows older, the swelling of the lining of the windpipe usually does not interfere with breathing as before.

Many doctors recognize that this condition tends to occur most frequently in the late winter and early spring. There may be an allergic factor which precipitates the croup.

A virus or streptococcus infection can also produce the thickening of the mucous membrane lining and thus interfere with the normal passage of air into the lungs.

Croup is probably one of the most distressing conditions for the young child, for the parents and for the physician. Fortunately, the severity and the duration of croup have been diminished since the advent of the antibiotics and cortisone.

Steam inhalations are probably the most soothing treatment for difficulty in breathing and for the relief of the barking cough.

What is this "cellulite" that is being talked about so much? Could this be why I can't lose weight on a reducing diet?

Miss R.E., Mass.

Dear Miss E.:

The Medical Society of the County of New York has issued a definitive statement about this new type of exploitation of the overweight.

They said, "Cellulite" is hokey and serves no benefit whatsoever . . . except possibly the enrichment of the authors of two heavily publicized books on "cellulite."

In a special article, the Society attacked the claims of the writers that "cellulite" and not fat is responsible for overweight.

The Medical Society firmly stated, "The truth is that fat is fat, and the nutritional advice contained in the books could be harmful."

All overweight people must eventually come to the realization that there is no short-cut to losing weight. Reduction of caloric intake is the only

way to lose weight and keep it off.

SPEAKING OF YOUR HEALTH . . . Leftover creamy salads and desserts can harbor harmful germs. They thrive on foods that are not properly refrigerated.

Butler County Farm Site Probe Slated

HAMILTON, Ohio (AP) — A probe was scheduled today by Environmental Protection Agency officials and U.S. Army chemical experts on a farm site where hazardous materials are believed buried in a landfill.

Butler County Sheriff Robert Walton, who delayed a previous search warrant until military assistance was available, said he asked for Army experts because of a report that cyanide, mustard and nerve gases were dumped at the site.

Walton said the owner of the farm, Albert Skinner, confirmed that the chemicals were buried at the former landfill.

Walton said he is "quite certain there is no immediate danger" to area residents.

He said the Army "has advised us that they cannot state with any degree of certainty that dangerous materials may not have been buried on this site several years ago." Walton added that there is "some circumstantial evidence that these allegations may be true."

The potentially-dangerous chemicals reportedly originated from a former Army depot in Sharonville.

The Ohio EPA last week obtained a search warrant to explore the landfill, but delayed the investigation due to the possible danger.

Another search warrant was obtained Monday.

The controversy flared two weeks ago when a railroad tanker began emitting vapors and overheated at the ChemDyne plant in Hamilton. Officials said they believed the contents of the tank were dumped at the landfill.

Since then, soil and water samples have been taken from the Skinner landfill. The results have not been made public.

BALLOT LANGUAGE, EXPLANATIONS, AND RESOLUTIONS FOR AMENDMENTS TO THE OHIO CONSTITUTION PROPOSED BY THE GENERAL ASSEMBLY TO BE SUBMITTED TO THE VOTERS AT THE PRIMARY ELECTION, JUNE 8, 1976

1 PROPOSED CONSTITUTIONAL AMENDMENT

To amend Article III, Section 3 and Article V, Section 2, to adopt Article III, Sections 1 and 1b, and to repeal Article III, Section 1b, Ohio Constitution

1. TO REQUIRE THE LIEUTENANT GOVERNOR TO BE ELECTED JOINTLY WITH THE GOVERNOR AND TO REQUIRE THE GENERAL ASSEMBLY TO PROVIDE BY LAW THE METHOD OF NOMINATING CANDIDATES FOR GOVERNOR AND LIEUTENANT GOVERNOR.
2. TO REPEAL THE PROVISIONS OF THE OHIO CONSTITUTION RELATIVE TO THE DUTY OF PRESIDING OVER THE STATE SENATE AND TO PROVIDE THAT THIS DUTY SHALL BE THOSE ASSIGNED TO HIM BY THE GOVERNOR AND THOSE PRESCRIBED BY LAW.

SCHEDULE AND REPEAL
Section 1b of Article III authorizing the governor to assign duties to the lieutenant governor and the repeal of Section 1b of Article III shall not take effect until the second Monday in January, 1979.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 1

The Ohio Constitution currently provides for the governor and lieutenant governor to be elected separately. This frequently results in the election of a governor and lieutenant governor of opposing political parties. The proposed amendment would require the nominees of a political party for the offices of governor and lieutenant governor to run as a team in the general election. A single vote would be recorded as a vote both for the candidate for governor and his running mate for lieutenant governor. The amendment would not require the candidates for governor and lieutenant governor to "team up" before filing their petitions for candidacy, unless the General Assembly so provides by law. The General Assembly would be free to provide that candidates for governor and lieutenant governor would not run as a team in the primary. Separately, the amendment would require that the nominees for governor and lieutenant governor run as a team in the general election.

Presently the lieutenant governor as presiding officer of the Senate has the authority to resolve a tie in that body when it is equally divided and also to sign all legislation certifying to the correctness of the legislative procedure. This amendment would relieve the lieutenant governor of his duties as presiding officer, leaving it to the Senate to choose one of its own members as presiding officer. The lieutenant governor would then perform whatever duties are assigned to him by the governor, in addition to any duties which the General Assembly may assign to him by law.

2 PROPOSED CONSTITUTIONAL AMENDMENT

To adopt section 14 of Article VIII, Ohio Constitution

TO AUTHORIZE THE STATE, LOCAL GOVERNMENTS, AND REGIONAL TRANSPORTATION AUTHORITIES TO LEND THEIR AID AND CREDIT TO FEDERAL CORPORATIONS, SUCH AS AMTRAK AND CONRAIL, AND TO AN AGENCY OF THE STATE TO PROVIDE RAIL TRANSPORTATION SERVICE WITHIN THE STATE.

THE GENERAL ASSEMBLY IS AUTHORIZED TO PROVIDE PROPERTY TAX REDUCTIONS FOR PROPERTY USED TO PROVIDE RAIL TRANSPORTATION SERVICE AND TO REIMBURSE LOCAL GOVERNMENTS FOR THE REVENUE LOST AS A RESULT OF SUCH TAX REDUCTIONS.

TAX MONIES MAY NOT BE USED FOR THE REPAIRMENT OF ANY DEBT INCURRED FOR THESE PURPOSES.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 2

The purpose of the amendment is to permit the state and its subdivisions to aid federal corporations and state agencies to provide rail transportation service within the state. To accomplish this the state, its political subdivisions, or a regional transportation authority may or loan its credit to aid corporations created under federal law, such as Amtrak and Conrail, or state agencies which have been created to provide rail transportation service. The General Assembly is authorized to provide by law for this procedure.

Laws could be passed to reduce taxation of property which is used to provide the state with rail transportation service. They could also permit reimbursement of local government units for revenues lost to local government because of property tax reductions. Monies raised by taxation may not be obligated or pledged for the payment of any bonds or other obligations which are issued for these purposes.

3 PROPOSED CONSTITUTIONAL AMENDMENT

To amend section 13 of Article VIII, Ohio Constitution

TO INCLUDE ENERGY FACILITIES AMONG THE PURPOSES FOR WHICH PUBLIC BONDS MAY BE ISSUED AND LOAN GUARANTEE PROGRAMS UNDERTAKEN WITHOUT OBLIGATING OR PLEDGING MONIES RAISED BY TAXATION. PROVIDED THAT SUCH MONIES SHALL NOT BE MADE FOR FACILITIES OWNED OR LEASED BY PUBLIC UTILITIES.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 3

The stated purpose of the resolution to enable the state and local assistance to industrial and commercial firms that undertake self-help efforts to produce natural gas, oil, or other forms of energy for their own use.

To accomplish this the proposed amendment would authorize financial aid for energy development and use facilities to any governmental agency or to any private individual or firm but prohibit such aid to public utilities, as defined by law.

Such financing is done through issuance of revenue bonds or guarantees or loans, with monies for repayment coming from the operation of the facilities. Monies raised by taxation may not be obligated or pledged for payment of the bonds or guarantees.

4 PROPOSED CONSTITUTIONAL AMENDMENT

To amend sections 1 and 4 and to repeal sections 3 and 5 of Article V, Ohio Constitution

1. TO CONFIRM THE OHIO CONSTITUTION TO THE UNITED STATES CONSTITUTION AND TO FEDERAL COURT DECISIONS BY LOWERING THE VOTING AGE TO EIGHTEEN AND ELIMINATING THE SIX MONTHS RESIDENCY REQUIREMENT.
2. TO PERMIT THE GENERAL ASSEMBLY, BY LAW, TO DENY PERSONS CONVICTED OF A FELONY THE PRIVILEGE OF VOTING OR BEING ELIGIBLE FOR PUBLIC OFFICE.
3. TO REPEAL PROVISIONS GRANTING VOTERS PRIVILEGE FROM ARREST AND REPEAL THE SECTION WHICH PROHIBITS MILITARY PERSONNEL FROM VOTING FROM A RESIDENCE ON A MILITARY INSTALLATION WITHIN THE STATE.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 4

The Ohio Constitution provisions setting the voting age at 21 and a residency requirement within the state of six months have been invalidated by federal court decisions and amendments to the Ohio Constitution and at the present time persons by right of federal law can vote at the age of 18 and with residence requirements as required by federal law. This amendment merely brings the Ohio Constitution to accord with federal decisions and amendments to the federal Constitution and federal statutes pertaining to voting.

The amendment removes unnecessary language with regard to particular felonies that may cause ineligibility to vote and holding public office.

The section which prohibits the arrest of electors in or going to or from a polling place is repealed because there is a similar provision already in the law.

The section which prohibits a person from acquiring a voting residence on a military installation in this state is repealed because it has been held to be unconstitutional by the federal court.

5 PROPOSED CONSTITUTIONAL AMENDMENT

To amend sections 1 and 2 of Article XVII, Ohio Constitution

1. TO REQUIRE MUNICIPAL AND COUNTY CHARTERS TO PROVIDE FOR TERMS OF EVEN-NUMBERED YEARS FOR Elected OFFICERS.
2. TO REQUIRE VACANCIES IN ANY Elected STATE OFFICE CREATED BY ARTICLES II AND III, AND BY OR PURSUANT TO ARTICLE IV TO BE FILLED ONLY AS PROVIDED IN SUCH ARTICLES. VACANCIES IN Elected STATE OFFICES NOT SO CREATED SHALL BE FILLED BY THE GOVERNOR UNTIL A SUCCESSOR CAN BE ELECTED FOR THE UNEXPIRED TERM.
3. THE PROVISION AUTHORIZING THE GOVERNOR TO FILL A VACANCY IN THE OFFICE OF LIEUTENANT GOVERNOR IS REPEALED.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 5

The purpose of the proposed amendment is to remove from the Constitution language which either duplicates or is inconsistent with language elsewhere in the Constitution relating to terms of, and vacancies in, elected offices.

If this amendment is adopted and should the office of lieutenant governor be vacant, that office could not be filled by the governor. If the office of governor subsequently becomes vacant, then the president of the Senate would become governor as provided in Section 17, Article III.

The amendment adds a provision which would require municipal and county charters to provide for terms of office of even-numbered years for elected officers.

6 PROPOSED CONSTITUTIONAL AMENDMENT

To adopt section 7 and to repeal section 11 of Article XII, Ohio Constitution

1. TO MAKE PROVISION FOR RETIREMENT OF GENERAL OBLIGATION BONDS AND NOTES OF POLITICAL SUBDIVISIONS FROM LEGALLY AVAILABLE SOURCES NOT LIMITED TO PROPERTY TAXES AND FOR LIMITATIONS BY THE GENERAL ASSEMBLY ON THE AMOUNTS OF SUCH BONDS AND NOTES ISSUED BY POLITICAL SUBDIVISIONS.
2. TO REQUIRE THE TIMELY PAYMENT OF PRINCIPAL AND INTEREST OF GENERAL OBLIGATION BONDS INCURRED BY A POLITICAL SUBDIVISION.
3. TO REPEAL CONSTITUTIONAL PROVISIONS OPERATING TO INDIRECTLY LIMIT THE AMOUNT OF DEBT THAT MAY BE INCURRED BY A POLITICAL SUBDIVISION WITHOUT A VOTE OF THE ELECTORATE.
4. TO REPEAL REQUIREMENTS THAT POLITICAL SUBDIVISIONS CREATE A SINKING FUND FOR THE REPAYMENT OF DEBT AT MATURITY.

SCHEDULE
The Secretary of State shall assign section 11 if on the effective date of the amendment section 7 is already assigned.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 6

The amendment provides for the repayment of general obligation bonds and notes of political subdivisions from legally available sources not limited to property taxes. The General Assembly has the authority to limit the amount of bonds or notes which may be issued by political subdivisions.

The Constitution presently limits the amount of property tax that can be imposed without a vote of the electors. This provision remains unchanged by this amendment. Reference to the state is not included in the new section because limitation and the provision of retirement of state debt are made in other sections of the Constitution. The proposed amendment requires timely payment of political subdivision debt and repeals the requirements of establishing sinking funds for the repayment of debt at maturity. Most incurred indebtedness is now represented by bonds maturing serially (a portion of the principal of the debt becomes due periodically rather than all at once, thereby permitting repayment on the installment plan) and the requirement for a sinking fund is no longer necessary.

7 PROPOSED CONSTITUTIONAL AMENDMENT

To amend sections 4 and 9 of Article XII, Ohio Constitution

1. TO REQUIRE A RETURN OF NOT LESS THAN THE PERCENT OF THE ESTATE TAXES TO POLITICAL SUBDIVISIONS IN WHICH THE ORIGINATE, AS MAY BE PROVIDED BY LAW.
2. TO REQUIRE THE GENERAL ASSEMBLY TO PROVIDE BY LAW SUFFICIENT REVENUE ANNUALLY TO PAY THE PRINCIPAL AS WELL AS INTEREST ON THE STATE DEBT AS IT BECOMES DUE.

SCHEDULE
The Secretary of State shall assign section 9 if on the effective date of the amendment section 4 is already assigned.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 7

The proposed amendment conforms the Constitution to current

1. Requiring that the state annually raise sufficient monies to pay the principal as well as the interest on state debt. Currently the state is required to raise sufficient monies to pay the interest.
2. Mandating that not less than 50 percent of the state taxes be returned to the political subdivisions in which they originated (county, school district, city, village, or township), as provided by law. Since Ohio has moved to the estate tax, a portion of that tax should be returned to the source from whence it was collected similar to the return required for inheritance and income taxes.

8 PROPOSED CONSTITUTIONAL AMENDMENT

To adopt section 3 of Article XII and to repeal sections 7, 8, 10, and 12 of Article XII, Ohio Constitution

1. TO AUTHORIZE THE GENERAL ASSEMBLY TO PROVIDE BY LAW FOR THE AMOUNT OF AN ESTATE WHICH IS EXEMPT FROM TAXATION.
2. TO CONSOLIDATE TAXING POWERS WHICH ARE IN FOUR SECTIONS INTO ONE SECTION.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 8

The Ohio Constitution currently limits the amount which may be exempted from estate taxation to the sum of \$20,000. The amendment repeals any limit on the maximum value of an estate that may be exempted from taxation. Statutory law could grant exemptions from estate taxation in excess of \$20,000.

Four sections of the Constitution dealing with the taxing power of the state are consolidated into a single section and extraneous language has been eliminated.

FULL TEXT OF THE RESOLUTIONS PROPOSING EACH AMENDMENT

ISSUE 1

(Amended Senate Joint Resolution No. 4)

JOINT RESOLUTION

Proposing to amend section 3 of Article III, to amend section 1a of Article V, to amend section 1b of Article III, and to repeal section 1b of Article III of the Constitution of the State of Ohio, relative to the qualifications of electors, to remove unconstitutional and unnecessary language.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring therein, that there shall be submitted to the electors of the state in the manner prescribed by law at a special election to be held on the first Tuesday after the first Monday in June, 1976, a proposal to amend the Constitution of the State of Ohio to read as follows:

ARTICLE III
Sec. 1a. In the general election for Governor and Lieutenant Governor, one vote shall be cast jointly for the candidates nominated by the same political party or petition. The General Assembly shall provide by law for the nomination of candidates for Governor and Lieutenant Governor.

Sec. 1b. The Lieutenant Governor shall perform such duties in the executive department as may be assigned to him by the Governor and as are prescribed by law.

Sec. 3. The returns of every election for the offices named in the foregoing section, shall be sealed and transmitted to the seat of government, by the returning officers, directly to the President of the Senate, who, during the first week of the session, shall open and publish them, and declare the result, in the presence of a majority of the members of each House of the General Assembly. The joint candidates having the highest number of votes cast for Governor and Lieutenant Governor shall be chosen by the joint vote of both houses.

ARTICLE V
Sec. 2a. The names of all candidates for an office at any election shall be placed on a single ballot, the title of that office. The general assembly shall provide by law the means by which ballots shall give each candidate the highest number of votes for any other office shall be declared duly elected; but if any two or more have an equal and the highest number of votes for the same office or offices, one of them or any two for whom joint votes were cast for Governor and Lieutenant Governor, shall be chosen by the joint vote of both houses.

designation appears on the ballot, the name or designation of each candidate's party, if any, shall be printed under or after each candidate's name in less prominent type face than that in which the candidate's name is printed. Any elector may vote for candidates (other than candidates for electors of President and Vice-President of the United States, and other than candidates for Governor and Lieutenant Governor) only and in no other way than by indicating his vote for a candidate separately from the indication of his vote for any other candidate.

EFFECTIVE DATE AND REPEAL
If adopted by a majority of the electors voting on this amendment, the amendment shall take immediate effect, and existing section 3 of Article III shall be repealed from such effective date.

SCHEDULE AND REPEAL
Section 1b of Article III authorizing the Governor to assign duties to the executive department to the Lieutenant Governor and the repeal of section 1b of Article III shall not take effect until the second Monday in January, 1979.

ISSUE 2

(Amended House Joint Resolution No. 85)

JOINT RESOLUTION

Proposing to amend Article VIII of the Constitution of the State of Ohio by adding Section 14 to authorize the State, local governments, and regional transportation authorities to lend their aid and credit to a corporation created under the laws of the United States and to an agency authorized to provide rail transportation service to the State, and to authorize the General Assembly to provide property tax reductions for property used to provide rail transportation service, and to reimburse local governments for the revenue lost as a result of such tax reductions.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring therein, that there shall be submitted to the electors of the state in the manner prescribed by law at a special election to be held on the first Tuesday after the first Monday in June, 1976, a proposal to amend the Constitution of the State of Ohio to read as follows:

ARTICLE VIII
Sec. 14. For the public purpose of providing the state with modern facilities for the passenger and freight transportation service, the credit of the state, and pursuant to laws passed for such purpose the credit of any city, county, village, township, or regional transportation authority, may be given or loaned to, or in aid of, a corporation created under the laws of the United States, such as the National Railroad Passenger Corporation (AMTRAK) or the Consolidated Rail Corporation (CONRAIL), or an agency created under the laws of Ohio, to provide rail transportation service in the state, and laws shall be passed to reduce the taxation on property used to provide the state with rail transportation service and to provide for the reimbursement of local government units out of general revenue lost as a result of any such property tax reduction.

The laws passed pursuant to this section and the lending of aid and credit pursuant to this section shall not be subject to the requirements, limitations, or prohibitions of any other section of Article VIII, or of sections 2, 6, and 11 of Article XII of the Constitution, provided that monies raised by taxation shall not be obligated or pledged for the payment of any bonds or other obligations issued pursuant to this section.

EFFECTIVE DATE
If adopted by a majority of the electors voting on this amendment, the amendment shall take immediate effect.

ISSUE 3

(Amended Senate Joint Resolution No. 39)

JOINT RESOLUTION

Proposing to amend Section 13 of Article VIII of the Constitution of the State of Ohio to authorize the issuance of bonds for projects that conserve energy or energy resources.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring therein, that there shall be submitted to the electors of the state in the manner prescribed by law at a special election to be held on the first Tuesday after the first Monday in June, 1976, a proposal to amend Section 13 of Article VIII of the Constitution of Ohio to read as follows:

ARTICLE VIII
Section 13. To create or preserve jobs and employment opportunities, to improve the economic welfare of the people of the state, to control the water, or thermal pollution, to dispose of solid waste, or to develop, produce, recover, store, transport, utilize, or conserve energy or resources, it is hereby authorized to be in the public interest and a proper public purpose for the state or its political subdivisions, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of the state, or its political subdivisions, school districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, or corporations not for profit designated by any law, as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans and to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, or equipment of such property, structures, equipment and facilities. BALLOT LANGUAGE, EXPLANATIONS, AND RESOLUTIONS FOR AMENDMENTS TO THE OHIO CONSTITUTION PROPOSED BY THE GENERAL ASSEMBLY TO BE SUBMITTED TO THE VOTERS AT THE PRIMARY ELECTION, JUNE 8, 1976

1 PROPOSED CONSTITUTIONAL AMENDMENT

To amend Article III, Section 3 and Article V, Section 2a, to adopt Article III, Sections 1a and 1b, and to repeal Article III, Section 16, Ohio Constitution.

1. TO REQUIRE THE LEUTENANT GOVERNOR TO BE ELECTED JOINTLY WITH THE GOVERNOR AND TO REQUIRE THE GOVERNOR AND LEUTENANT GOVERNOR TO NOMINATE CANDIDATES FOR GOVERNOR AND LEUTENANT GOVERNOR.
2. TO REQUIRE THE LEUTENANT GOVERNOR OF THE DUTY OF PRESIDING OVER THE STATE SENATE AND TO PROVIDE THAT HIS DUTIES SHALL BE THOSE ASSIGNED TO HIM BY THE GOVERNOR AND THOSE PRESCRIBED BY LAW.

SCHEDULE AND REPEAL
Section 1b of Article III authorizing the governor to assign duties to the executive department to the lieutenant governor and the repeal of Section 16 of Article III shall not take effect until the second Monday in January, 1979.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 1

The Ohio Constitution currently provides for the governor and lieutenant governor to be elected separately. This frequently results in the election of a governor and lieutenant governor of opposing political parties. The proposed amendment would require the nominees of a political party for the office of governor and lieutenant governor to run as a team in the general election. A tie vote would be recorded as a vote both for the candidate for governor and his running mate for lieutenant governor. The amendment would not require the candidates for governor and lieutenant governor to "team up" before filing their petitions of candidacy, unless the General Assembly would be free to provide that candidates for governor and lieutenant governor would not run as a team in the primary. Separate ballots would be cast for both offices in that case. The amendment requires that the nominees for governor and lieutenant governor run as a team in the general election.

Presently the lieutenant governor as presiding officer of the Senate has the authority to resolve a tie in that body when it is equally divided and also to sign bills certifying to the correctness of the legislative procedure. This amendment would relieve the lieutenant governor of his duties as presiding officer, leaving it to the Senate to choose one of its own members as presiding officer. The lieutenant governor would then perform the duties assigned to him by the governor, in addition to any duties which the General Assembly may assign to him by law.

2 PROPOSED CONSTITUTIONAL AMENDMENT

To adopt section 14 of Article VIII, Ohio Constitution.

TO AUTHORIZE THE STATE, LOCAL GOVERNMENTS, AND REGIONAL TRANSPORTATION AUTHORITIES TO LEND THEIR CREDIT TO FEDERAL, STATE, AND LOCAL CORPORATIONS, SUCH AS AMTRAK AND CONRAIL, AND TO AN AGENCY OF THE STATE TO PROVIDE RAIL TRANSPORTATION SERVICE WITHIN THE STATE.

THE GENERAL ASSEMBLY IS AUTHORIZED TO PROVIDE PROPERTY TAX REDUCTIONS FOR PROPERTY USED TO PROVIDE RAIL TRANSPORTATION SERVICE AND TO REIMBURSE LOCAL GOVERNMENTS FOR THE REVENUE LOST AS A RESULT OF SUCH TAX REDUCTIONS.

TAX MONIES MAY NOT BE USED FOR THE REPAYMENT OF ANY DEBT INCURRED FOR THESE PURPOSES.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 2

The purpose of the amendment is to permit the state to lend its credit to aid federal corporations and state agencies to provide rail transportation service within the state. To accomplish this the state's political subdivisions, or a regional transportation authority may give or loan its credit to aid corporations created under federal law such as Amtrak and Conrail, or state agencies which have been created to provide rail transportation service. The General Assembly is authorized to provide by law for this procedure.

Laws could be passed to reduce taxation of property which is used to provide the state with rail transportation service. They could also permit reimbursement of local government units for revenues lost to a local government because of property tax reductions. Monies raised by taxation may not be obligated or pledged for the repayment of any bonds or other obligations which are issued for these purposes.

3 PROPOSED CONSTITUTIONAL AMENDMENT

To amend section 13 of Article VIII, Ohio Constitution.

TO INCLUDE ENERGY FACILITIES AMONG THE PURPOSES FOR WHICH PUBLIC INDUSTRIAL DEVELOPMENT BONDS MAY BE ISSUED AND LOAN GUARANTEE PROGRAMS UNDERTAKEN WITHOUT OBLIGATING OR PLEDGING MONIES RAISED BY TAXATION, AND PROVIDE THAT SUCH OBLIGATIONS SHALL NOT BE MADE FOR FACILITIES OWNED OR LEASED BY PUBLIC UTILITIES.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 3

The stated purpose of the resolution is to enable state revenue bond and loan assistance to industrial and commercial firms that undertake self-help efforts to produce natural gas, oil, or other forms of energy. To accomplish this the proposed amendment would authorize financial aid for energy development and use of facilities by any governmental agency or to any private individual or firm but prohibits such aid to public utilities, as defined by law.

Such financing is done through issuance of revenue bonds or guarantees or loans, with monies for repayment coming from the operation of the facilities. Monies raised by taxation may not be obligated or pledged for payment of the bonds or guarantees.

4 PROPOSED CONSTITUTIONAL AMENDMENT

To amend sections 1 and 4 and to repeal sections 3 and 5 of Article V, Ohio Constitution.

1. TO CONFORM THE OHIO CONSTITUTION TO THE UNITED STATES CONSTITUTION AND TO FEDERAL COURT DECISIONS BY LOWERING THE VOTING AGE TO EIGHTEEN AND ELIMINATING THE SIX MONTHS RESIDENCY REQUIREMENT.
2. TO PERMIT THE GENERAL ASSEMBLY, BY LAW, TO DENY PERSONS CONVICTED OF A FELONY THE PRIVILEGE OF VOTING OR BEING ELIGIBLE FOR PUBLIC OFFICE.
3. TO REPEAL PROVISIONS GRANTING VOTERS THE PRIVILEGE OF VOTING FROM ARREST AND REPEAL THE SECTION WHICH PROHIBITS MILITARY PERSONNEL FROM VOTING FROM A RESIDENCE ON A MILITARY INSTALLATION WITHIN THIS STATE.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 4

The Ohio Constitution provisions setting the voting age at 21 and a residency requirement within the state for six months have been invalidated by federal court decisions and amendments to the federal Constitution and at the present time persons by right of federal law can vote at the age of 18 and with residence requirements as required by federal law. The amendment merely brings the Ohio Constitution into accord with federal court decisions and amendments to the federal Constitution and federal statutes pertaining to voting.

The amendment removes unnecessary language with regard to particular candidates for governor and lieutenant governor cause ineligibility as to voting and holding public office.

The section which prohibits the arrest of electors in or going to or from a polling place is repealed because there is a similar provision already in the constitution.

The section which prohibits a person from acquiring a voting residence on a military installation in this state is repealed because it has been held to be unconstitutional by the federal court.

5 PROPOSED CONSTITUTIONAL AMENDMENT

To amend sections 1 and 2 of Article XVII, Ohio Constitution.

1. TO REQUIRE MUNICIPAL AND COUNTY CHARTERS TO PROVIDE FOR TERMS OF ELECTIONS FOR Elected OFFICERS.
2. TO REQUIRE VACANCIES IN ANY ELECTIVE STATE OFFICE CREATED BY ARTICLES II AND III, AND BY OR PURSUANT TO ARTICLE IV TO BE FILLED ONLY AS PROVIDED IN SUCH ARTICLES. VACANCIES IN ELECTIVE STATE OFFICES NOT SO CREATED SHALL BE FILLED BY THE GOVERNOR UNTIL A SUCCESSOR CAN BE ELECTED FOR THE UNEXPIRED TERM.
3. THE PROVISION AUTHORIZING THE GOVERNOR TO FILL A VACANCY IN THE OFFICE OF LEUTENANT GOVERNOR IS REPEALED.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 5

The purpose of the proposed amendment is to remove from the Constitution language which either duplicates or is inconsistent with language elsewhere in the Constitution relating to terms of, and vacancies in elective office.

If this amendment is adopted and should the office of lieutenant governor be vacant, that office could not be filled by the governor. If the office of lieutenant governor becomes vacant, then the president of the Senate would become governor as provided in Section 17, Article III.

The amendment adds a provision which would require municipal and county charters to provide for terms of office of even-numbered years for elected officers.

6 PROPOSED CONSTITUTIONAL AMENDMENT

To adopt section 7 and to repeal section 11 of Article XII, Ohio Constitution.

1. TO MAKE PROVISION FOR RETIREMENT OF GENERAL OBLIGATION BONDS AND NOTES OF POLITICAL SUBDIVISIONS FROM LEGALLY AVAILABLE SOURCES NOT LIMITED TO PROPERTY TAXES AND FOR LIMITATIONS BY THE GENERAL ASSEMBLY ON THE AMOUNTS OF SUCH BONDS AND NOTES ISSUED BY POLITICAL SUBDIVISIONS.
2. TO REQUIRE THE TIMELY PAYMENT OF PRINCIPAL AND INTEREST OF GENERAL OBLIGATION DEBT INCURRED BY A POLITICAL SUBDIVISION.
3. TO REPEAL CONSTITUTIONAL PROVISIONS OPERATING TO INDIRECTLY LIMIT THE AMOUNT OF DEBT THAT MAY BE INCURRED BY POLITICAL SUBDIVISIONS WITHOUT A VOTE OF THE ELECTORATE.
4. TO REPEAL REQUIREMENTS THAT POLITICAL SUBDIVISIONS CREATE A SINKING FUND FOR THE REPAYMENT OF DEBT AT MATURITY.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 6

The amendment provides for the payment of general obligation bonds and notes of political subdivisions from legally available sources not limited to property taxes. The General Assembly has the authority to limit the amount of the bonds and notes which may be issued by political subdivisions.

The Constitution presently limits the amount of property tax that can be imposed without a vote of the electors. This provision remains unchanged by this amendment. Reference to the state is not included in the new section because limitation on and provision for retirement of state debt are made in other sections of the Constitution. The proposed amendment requires timely payment of political subdivision debt and repeals the requirements of establishing sinking funds for the repayment of debt at maturity. Most incurred indebtedness is now represented by bonds maturing serially (a portion of the principal of the debt becomes due periodically rather than all at once, thereby permitting repayment on the installment plan), and the requirement for a sinking fund is no longer necessary.

7 PROPOSED CONSTITUTIONAL AMENDMENT

To amend sections 4 and 9 of Article XII, Ohio Constitution.

1. TO REQUIRE A RETURN OF NOT LESS THAN 50 PERCENT OF THE ESTATE TAXES TO POLITICAL SUBDIVISIONS IN WHICH THE TAX ORIGINATE, AS MAY BE PROVIDED BY LAW.
2. TO REQUIRE THE GENERAL ASSEMBLY TO RAISE SUFFICIENT REVENUE ANNUALLY TO PAY THE PRINCIPAL AS WELL AS INTEREST ON THE STATE DEBT AS IT BECOMES DUE.

SCHEDULE
The Secretary of State shall assign section 3 if on the effective date the amendment section 6 is already assigned.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 7

The proposed amendment conforms the Constitution to current fiscal practices by:

1. Requiring that the state annually raise sufficient monies to pay the principal and interest on the state debt. Currently this section only requires raising sufficient monies to pay the interest.
2. Mandating that not less than 50 percent of the estate taxes be returned to the political subdivisions in which they originated (county, school district, city, village, or township), as provided by law. Since Ohio has moved to the estate tax, a portion of that tax should be returned to the source from whence it was collected similar to the return required for inheritance and income taxes.

8 PROPOSED CONSTITUTIONAL AMENDMENT

To adopt section 3 of Article XII and to repeal sections 7, 8, 10, and 12 of Article XII, Ohio Constitution.

1. TO AUTHORIZE THE GENERAL ASSEMBLY TO PROVIDE BY LAW FOR THE AMOUNT OF AN ESTATE WHICH IS EXEMPT FROM TAXATION.
2. TO CONSOLIDATE TAXING POWERS WHICH ARE IN FOUR SECTIONS INTO ONE SECTION.

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

YES	SHALL THE PROPOSED AMENDMENT BE ADOPTED?
NO	

EXPLANATION OF ISSUE NO. 8

The Ohio Constitution currently limits the amount which may be exempted from estate taxation to the sum of \$20,000. The amendment repeals any limit on the maximum value of an estate that may be exempted from taxation. Statutory law could grant exemptions from estate taxation in excess of \$20,000.

Four sections of the Constitution dealing with the taxing power of the state are consolidated into a single section and extraneous language has been eliminated.

FULL TEXT OF THE RESOLUTIONS PROPOSING EACH AMENDMENT

ISSUE 1

(Amended Senate Joint Resolution No. 4)

JOINT RESOLUTION

Proposing to amend section 3 of Article III and section 2a of Article V, to enact sections 1a and 1b of Article III, and to repeal section 16 of Article III of the Constitution of the State of Ohio to require the Lieutenant Governor to be elected jointly with the Governor, and to provide for the duties of the Lieutenant Governor.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring therein, that there shall be submitted to the electors of the state in the manner prescribed by law at a special election to be held on the first Tuesday after the first Monday in June, 1976, a proposal to amend section 3 of Article III and section 2a of Article V, to enact sections 1a and 1b of Article III, and to repeal section 16 of Article III of the Constitution of Ohio to read as follows:

ARTICLE III

Sec. 1a. In the general election for Governor and Lieutenant Governor, one vote shall be cast jointly for the candidates named by the same political party or petition. The General Assembly shall provide by law for the nomination of candidates for Governor and Lieutenant Governor.

Sec. 1b. The Lieutenant Governor shall perform such duties in the executive department as are assigned to him by the Governor and as are prescribed by law.

Sec. 3. The returns of every election for the officers named in the foregoing section, shall be sealed and transmitted to the seat of Government, by the returning officers, directed to the President of the Senate, who, during the first week of the session, shall open and publish them, and declare the result, in the presence of a majority of the members of each House of the General Assembly. The joint returns shall be signed by a member of votes cast for Governor and Lieutenant Governor and the person having the highest number of votes for each office shall be declared duly elected; but if any two or more have an equal and the highest number of votes for the same office or offices, one of them or any two for whom joint votes were cast for Governor and Lieutenant Governor, shall be chosen by the joint vote of both houses.

ARTICLE V

Sec. 2a. The names of all candidates for an office at any election shall be arranged in a group under the title of that office. The general assembly shall provide by law the means by which ballots shall give each candidate's name reasonably equal position by rotation or other comparable methods to the extent practical and appropriate to the voting procedure used. At any election in which a candidate's party

designation appears on the ballot, the name or designation of each candidate's party, if any, shall be printed under or after each candidate's name in as prominent typeface as that in which the candidate's name is printed. An elector may vote for candidates (other than candidates for electors of President and Vice-President of the United States, and other than candidates for Governor and Lieutenant Governor) only and in no other way than by indicating his vote for each candidate separately from the indication of his vote for any other candidate.

EFFECTIVE DATE AND REPEAL

If adopted by a majority of the electors voting on this amendment, the amendment shall take immediate effect, and existing section 3 of Article III shall be repealed from such effective date.

SCHEDULE AND REPEAL

Section 1b of Article III authorizing the Governor to assign duties to the executive department to the Lieutenant Governor and the repeal of section 16 of Article III shall not take effect until the second Monday in January, 1979.

ISSUE 2

(Amended House Joint Resolution No. 85)

JOINT RESOLUTION

Proposing to amend Article VIII of the Constitution of the State of Ohio to authorize the State, local governments, and regional transportation authorities to lend their credit to federal, state, and local corporations, such as Amtrak and Conrail, and to authorize the General Assembly to provide property tax reductions for property used to provide rail transportation service, and to reimburse local governments for the revenue lost as a result of such tax reductions.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring therein, that there shall be submitted to the electors of the state in the manner prescribed by law at a general election to be held on the first Tuesday after the first Monday in June, 1976, a proposal to amend Article VIII of the Constitution of Ohio to read as follows:

ARTICLE VIII

Sec. 14. For the public purpose of providing the state with modern and efficient rail passenger and freight transportation service, the credit of the state, and pursuant to laws passed for such purpose the credit of any city, county, village, township, or region, transportation authority, may be given or loaned to, or in aid of, a corporation created under the laws of the United States, such as the National Amtrak Corporation (AMTRAK) or the Consolidated Rail Corporation (CONRAIL), or an agency created under the laws of the state, and laws may be passed to reduce the taxation on property used to provide the state with rail transportation service, and to provide for the reimbursement of local governments for the revenue that may be lost as a result of any such property tax reduction.

The laws passed pursuant to this section shall not be subject to the requirements, limitations, or prohibitions of any other section of Article VIII, or of sections 2, 6, and 11 of Article XII of the Constitution, provided that money raised by taxation shall not be obligated or pledged for the payment of any bonds or other obligations issued pursuant to this section.

EFFECTIVE DATE

If adopted by a majority of the electors voting on this amendment, the amendment shall take immediate effect.

ISSUE 3

(Amended Senate Joint Resolution No. 39)

JOINT RESOLUTION

Proposing to amend Section 13 of Article VIII of the Constitution of the State of Ohio to include energy facilities among the purposes for which public industrial development bonds may be issued and loan guarantee programs undertaken without obligating or pledging monies raised by taxation, and to specify that such obligations shall not be made for facilities owned or leased by public utilities.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring therein, that there shall be submitted to the electors of the state in the manner prescribed by law at a special election to be held on the first Tuesday after the first Monday in June, 1976, a proposal to amend Section 13 of Article VIII of the Constitution of Ohio to read as follows:

ARTICLE VIII

Section 13. To create or preserve jobs and employment opportunities, to improve the economic welfare of the people of the state, to control air, water, or thermal pollution, to develop or conserve energy or energy resources, it is hereby determined to be in the public interest and a proper public purpose for the state or its political subdivisions, taxing districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any of them as such agencies or instrumentalities, to acquire, construct, enlarge, improve, or equip, and to sell, lease, exchange, or otherwise dispose of property, structures, equipment, and facilities within the State of Ohio for industry, commerce, distribution, and research, to make or guarantee loans or to borrow money and issue bonds or other obligations to provide monies for the acquisition, construction, enlargement, improvement, or equipment, of such property, structures, equipment and facilities. Laws may be passed to carry into effect such purposes and to authorize for such purposes the borrowing of money by, and the issuance of bonds or other obligations of, its or their political subdivisions, taxing districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any of them as such agencies or instrumentalities, and to authorize the making of guarantees and loans and the lending of aid and credit, which laws, bonds, obligations, loans, guarantees, and lending of aid and credit shall not be subject to the requirements, limitations, or prohibitions of any other section of Article VIII, or Article XII of the Constitution, provided that monies raised by taxation shall not be obligated or pledged for the payment of bonds or other obligations issued or guaranteed made pursuant to laws enacted under this section.

Except for facilities for the development, storage, production, transportation, utilization, or conservation of energy or energy resources which are not owned or leased by public utilities as defined by law, and except for facilities for pollution control or solid waste disposal, as determined by law, no guarantees or loans and no lending of aid and credit shall be made under the laws enacted pursuant to this section of the Constitution of Ohio, nor shall any such facility be constructed for the purpose of providing electric or gas utility service to the public.

The powers herein granted shall be in addition to and not in derogation of existing powers of the state or its political subdivisions, taxing districts, or public authorities, its or their agencies or instrumentalities, or corporations not for profit designated by any of them as such agencies or instrumentalities, and shall be subject to the requirements, limitations, or prohibitions of any other section of Article VIII, or Article XII of the Constitution.

Any corporation organized under the laws of Ohio is hereby authorized to lend or contribute monies to the state or its political subdivisions or agencies or instrumentalities thereof on such terms as may be agreed upon in furtherance of laws enacted pursuant to this section.

EFFECTIVE DATE AND REPEAL

If adopted by a majority of the electors voting on this amendment, the amendment shall take immediate effect, and existing section 13 of Article VIII shall be repealed from such effective date.

SCHEDULE

If, on the effective date of this amendment, section number 7 is already assigned to a section of Article XII of the Constitution of Ohio, the Secretary of State shall assign section number 11 to the section in Article XII of the Constitution of Ohio, and such number shall be the official number of such section and shall be published in the publication of the Constitution and shall be cited and referred to by such number.

ARTICLE XII

Section 7. So long as any bonds or notes which are general obligations of a political subdivision are outstanding, such political subdivision may not incur or contract any debt or obligation for the timely payment of the principal of and interest on such bonds and notes by providing for the payment of such debt or obligation by any means by which such subdivision is authorized by this Constitution to raise monies, or by any other means by which the subdivision having responsibility for making such provisions for the timely payment of principal and interest has the authority to raise monies, or by any other means by which the receipt of monies of the subdivision shall set aside from lawfully available monies of the subdivision, including those first received thereafter, sufficient amounts for such payment and interest on such monies thereto. This section and section 2 of Article XII of this Constitution do not directly or indirectly limit the amount of any obligation debt which may be incurred by a political subdivision but the General Assembly may, by law, provide for limitations on such amounts. This section does not authorize the levy of any ad valorem property tax or other tax in violation of or permitted by section 2 of Article XII of this Constitution.

EFFECTIVE DATE AND REPEAL

If adopted by a majority of the electors voting on this amendment, the amendment shall take immediate effect, and existing section 11 of Article XII shall be repealed from such effective date.

ISSUE 4

(Amended Senate Joint Resolution No. 16)

JOINT RESOLUTION

Proposing to amend sections 1 and 4 of Article V, and to repeal sections 3 and 5 of Article V of the Constitution of the State of Ohio, relative to the qualifications of electors, to remove unconstitutional and unnecessary language. Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring therein, that there shall be submitted to the electors of the state in the manner prescribed by law at a special election to be held on the first Tuesday after the first Monday in June, 1976, a proposal to amend the Constitution of the State of Ohio by amending sections 1 and 4 of Article V and repealing sections 3 and 5 of Article V as follows:

ARTICLE V

Section 1. Every citizen of the United States of the age of eighteen years, who has been a resident of the state, county, township, or ward since the time as may be provided by law, has the qualifications of an elector, and is entitled to vote at all elections.

Section 4. The General Assembly shall have power to exclude from the privilege of voting, or of being eligible to office, any person convicted of a felony.

EFFECTIVE DATE AND REPEAL

If adopted by a majority of the electors voting on this amendment, the amendment shall take immediate effect, and existing sections 1 and 4 of Article V shall be repealed from such effective date.

ISSUE 5

(Amended Senate Joint Resolution No. 19)

JOINT RESOLUTION

Proposing to amend sections 1 and 2 of Article XVII of the Constitution of the State of Ohio, relative to elections, terms of office, and vacancies; to remove language which duplicates and may be inconsistent with other constitutional provisions and to effect nonsubstantive changes. Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring therein, that there shall be submitted to the electors of the state in the manner prescribed by law at a special election to be held on the first Tuesday after the first Monday in June, 1976, a proposal to amend the Constitution of the State of Ohio by amending sections 1 and 2 of Article XVII as follows:

ARTICLE XVII

Section 1. Elections for state and county officers shall be held on the first Tuesday after the first Monday in November in even numbered years; and all elections for elective officers shall be held on the first Tuesday after the first Monday in November in the odd numbered years.

The term of office of all elective county, township, municipal, and school officers shall be such even number of years as may be prescribed by law or such even number of years as may be provided in municipal or county charters.

The term of office of all judges shall be as provided in Article IV of this Constitution or, if not so provided, an even number of years not exceeding six as provided by law.

The General Assembly may extend existing terms of office as to the purpose of the prohibition of any other section of Article VIII, or of sections 2, 6, and 11 of Article XII of the Constitution, provided that money raised by taxation shall not be obligated or pledged for the payment of any bonds or other obligations issued pursuant to this section.

Section 2. Any vacancy which may occur in any elective state office created by Article II or III or created by or pursuant to Article IV of this Constitution shall be filled only if and as provided in such articles. Any vacancy which may occur in any elective county, township, municipal, or school office not created, shall be filled by appointment by the Governor until the disability is removed, or a successor elected, or until the unexpired term of the vacancy has occurred; provided, that when the unexpired term within one year immediately following the date of such general election, an election to fill such unexpired term shall not be held, and the appointment shall be for such unexpired term. All vacancies in other elective offices of the State of Ohio shall be filled in such manner as may be prescribed by this constitution or by law.

EFFECTIVE DATE AND REPEAL

If adopted by a majority of the electors voting on this amendment, the amendment shall take immediate effect and sections 1, 2, 8, 10, and 12 of Article XII of the Constitution of Ohio shall be repealed from such effective date.

Society Chapel Women's Society Honors Mothers

Women's Society of Scioto Chapel United Methodist Church met Thursday at the Colony House in Circleville to honor mothers and memories of mothers. Preparation of favors of individual pots of French marigolds was under the direction of Marvina Dudleson. Present were 37 members and guests.

The Rev. John Currens asked the blessing before they were served dinner and participated in a social hour.

Alice Ward, president, introduced Fannie Brooks, program chairman, who read "What Is A Mother?" and "Mother's Love." Mabel Walker read "Which Loved Best?" and her 1976 version of a sequel. She then read "If I Had My Life To Live Over" from the Association for Humanistic Psychology Newsletter of July 1975. Mildred Koch read "Ma Takes Over" and an original poem, "Mama's Changed."

Members and guests were asked to relate some specific thing they do because their mothers did it.

The evening was closed with group singing of "Mother," the old song about mothers' attributes.

The next meeting will be 7:30 p.m., June 10, at Robtown Parish House.

Garden Club Names Contest Winners

Solaqua Garden Club held its May meeting recently in the Scioto Chapel Parish House. Devotions were by Mrs. Everett Peters reading the poem "Why God Made Mothers" followed with a Mother's Day prayer.

Mrs. Glen Rinehart, president, conducted the business session. A report on the Conservative Coloring Contest sponsored by the club was made by Mrs. Everett Peters, chairman. The winners were: Ashville School, 1. Marcia Molloy, district winner; 2. Lori Lambert, 3. Julie Neal. Scioto School, 1. Becky Toole, 2. Melvinda Smith, 3. Kim Stump. Walnut School, 1. Johnny Mast, 2. News Of Interest To Women

The Circleville Herald, Tuesday May 11, 1976

Society Chapel Women's Society Honors Mothers

Women's Society of Scioto Chapel United Methodist Church met Thursday at the Colony House in Circleville to honor mothers and memories of mothers. Preparation of favors of individual pots of French marigolds was under the direction of Marvane Dudleson. Present were 37 members and guests.

The Rev. John Currans asked the blessing before they were served dinner and participated in a social hour.

Alice Ward, president, introduced Fannie Brooks, program chairman, who read "What Is A Mother?" and "Mother's Love." Mabel Walker read "Which Loved Best?" and her 1976 version of a sequel. She then read "If I Had My Life To Live Over" from the Association for Humanistic Psychology Newsletter of July 1975. Mildred Koch read "Ma Takes Over" and an original poem, "Mama's Changed."

Members and guests were asked to relate some specific thing they do because their mothers did it.

The evening was closed with group singing of "Mother," the old song about mothers' attributes.

The next meeting will be 7:30 p.m., June 10, at Robtown Parish House.

Ten Students Tour OSU Nisonger Center

By JACQUI RICE

On April 21, ten students and two advisors toured the Nisonger Center at Ohio State University. The purpose of Nisonger Center is to train medical students to work with individuals who have handicaps that require special procedures in their treatment.

Students attending the tour were Debbie Blanton, Peggy Overly, Doreen Downs, Connie Conway, Michelle Stires, Beatrice Wallace, Betty Burchett, Kim Roberts, Bonnie Spradlin, and Gina Buskirk. The advisors attending were Miss Kathy Miller and Mrs. Becky Writsel.

John Bendekovic, the tour guide, showed the students the observation room, dentistry lab, dining facilities, and the television monitoring system.

Miss Miller stated, "I enjoyed the tour, but I'm sorry we didn't see the preschool in action during the tour. I think it gave the students insight into

the problems of training and developing physically and mentally handicapped individuals."

Band Performs At Festival

By JACQUI RICE

Once again the Mustang Marching Machine is getting into gear. Performing at the Deer Creek Dam Days, the band showed what an excellent group they are.

The band performed in a parade on May 1, at 6:30 p.m. and in one on May 2 at 3:30 p.m.

The band's dynamic sound was demonstrated by the songs "Buckeye Battle Cry," "Long Train Runnin'," and "This Is My Country." As usual, the marching band gave a fine performance.

Prom Was Successful

By BARB MACE
The junior-senior prom at Westfall was held April 24 at 8 p.m. to midnight. The theme was "Stairway to Heaven" and the decorations were of silver and blue. The music was by a band called "Nobody." The buffet menu consisted of submarine sandwiches, a salad bar, pastries, cheeses, and sherbet punch. The after prom party was held at Shawnee Bowling Lanes from 1:30 to 5 a.m. Shawnee Lane complimented the bowlers on their exceptional behavior. The Westfall junior class gives special thanks for contributions from the junior class advisors: Jerrold Fields, Mrs. Lyn Liff, Miss Molly Whitlatch, and Mrs. Mary Ann Wood, also Principal Robert Debo and many helpful parents.

Ten Students Tour OSU Nisonger Center

By JACQUI RICE
On April 21, ten students and two advisors toured the Nisonger Center at Ohio State University. The purpose of Nisonger Center is to train medical students to work with individuals who have handicaps that require special procedures in their treatment. Students attending the tour were Debbie Blanton, Peggy Overly, Doreen Downs, Connie Conway, Michelle Stires, Beatrice Wallace, Betty Burchett, Kim Roberts, Bonnie Spradlin, and Gina Buskirk. The advisors attending were Miss Kathy Miller and Mrs. Becky Writsel.

John Bendekovic, the tour guide, showed the students the observation room, dentistry lab, dining facilities, and the television monitoring system. Miss Miller stated, "I enjoyed the tour, but I'm sorry we didn't see the preschool in action during the tour. I think it gave the students insight into

Band Performs At Festival
By JACQUI RICE
Once again the Mustang Marching Machine is getting into gear. Performing at the Deer Creek Dam Days, the band showed what an excellent group they are.

The band performed in a parade on May 1, at 6:30 p.m. and in one on May 2 at 3:30 p.m. The band's dynamic sound was demonstrated by the songs "Buckeye Battle Cry," "Long Train Runnin'," and "This Is My Country." As usual, the marching band gave a fine performance.

Shawnee Vineyards Introduces New Vintage, Vin de' Chateau

TASTEFULLY landscaped, this the view of the entrance to Shawnee Vineyard. Proprietors Jack and Judy Goode have ladies day every Wednesday when the ladies may order at half price from the menu, a happy hour from 3 to 5 each day and will plan special banquets and parties.

THE Patio at Shawnee Vineyards will soon be open for use as an outside dining area and beer garden.

Shawnee Vineyards has introduced a new wine, Vin de' Chateau, for the pleasure of the patrons of the popular dining spot.

A medium dry red wine, it will be available only at the winery located on Route 56 four miles southeast of Circleville. It is made primarily from the French Hybrid grapes grown by Shawnee Vineyards. There are 35 acres of grapes at the vineyard and 14 different American and French hybrids.

The new wine was created by combining some of the grapes that went into the more popular wines made at the winery. The other vintages are: Catawba, Niagara, American Sautern, Pink Catawba, Shawnee Rose, American Burgundy and Concord.

Every Wednesday is ladies day at Shawnee Vineyards and the ladies dining there receive a special 50 per cent discount on that day.

Open from 11 a.m. to 11 p.m. Monday through Saturday, a happy hour is held from 3 to 6 p.m. each day.

In addition to the regular dining schedule, Shawnee Vineyards also provides special banquet and party services and wine tasting parties.

The restaurant is becoming as widely known for its fine foods as it is for its fine wines.

Phyllis Manson is the chef at the Vineyards. She has had over 27 years of experience in some of the finer restaurants in central Ohio. She and her assistant, Bonnie Fouch, are prepared to provide dinners with a well rounded menu of excellent food including Italian dishes, seafood and steaks.

With warmer days arriving, the restaurant will be re-opening the patio. Some day Jack Goode, owner manager of the Vineyards, plans to add on to the facilities by building over the patio, but until that time arrives, he is utilizing the area as a beer garden and open air dining room.

Visitors are attracted daily from all corners of the state to the Vineyard to enjoy the wines and other beverages and the high quality food.

Shawnee Vineyards opened Dec. 18, 1974. It was originally intended to serve as a wine-tasting room for the varieties of wine made there.

the Goodes decide on the name.

There have been a number of interior changes made in the dining room. Judy Goode has been responsible designing the beautiful dining and bar area. Dr. J. E. Goeller is a partner in the vineyards.

Visitors may also purchase bottles of wine for gifts and Goode and his staff can personalize the labels. Bottles are packaged in attractive gift boxes that have won a national award for design from the National Association of Packagers.

Edwin W. Irwin of the Irwin Insurance Agency, Inc., Ashville, Ohio, was a guest of the Buckeye State Mutual Insurance Companies at their Ninth Annual Production Award Meeting May 7th and 8th, held at the Imperial House South, Dayton. Over 100 of the company's agencies were represented and honored for outstanding sales production in 1975.

Irwin ranked eleventh in the state in the production of new business for the companies and was re-elected to the President's Club which honors agencies with the highest increase in sales during the year.

Irwin received a plaque and a \$50.00 savings bond, according to Buckeye State's sales manager, Gary R. Carder.

This year's program included such well-known speakers as U.S. Congressman Tennyson Guyer and Dick Garipsey, president of Motivation Associates Inc. of Barr, Massachusetts.

Lung Association Welcomes New Members

The Central Ohio Lung Association welcomed five new members to its Board of Directors meeting April 15. These new seats were created as a result of the merger of South Central Ohio Lung Association with Central Ohio Lung Association.

Local representatives to COLA include Lawrence Heightsman, Ross County; Miss Frances White, Fayette County; Leo Kahanek, Pickaway County; Mrs. Madeline Perkins, Jackson County; William Kennedy, Lawrence County; and Mrs. Jacob Kalfs, Pike County.

Lawrence Heightsman, formerly SCOLA board president, has accepted the additional responsibility of Second Vice President. He has not missed a board meeting in thirty-two years.

Miss Frances White will also have some additional duties as Representative Director to the Ohio Lung Association.

Prior to the merger, COLA en-

compassed Delaware, Franklin, Madison and Union counties, but now that the merger is complete, it will also serve Fayette, Jackson, Lawrence, Pickaway, Pike and Ross counties.

Harold M. Throop, executive director of COLA, stated that Mrs. Gloria Summers, formerly executive director of SCOLA, will serve as Director of the South Central Office at 121 West Main Street, Chillicothe, and will coordinate program activities there.

COLA will conduct programs in the areas of smoking education, professional education and air conservation as well as handle the Christmas Seal Campaign for the newly merged areas.

New Mexico became a province of Mexico in 1821, the same year William Becknell established the Sante Fe Trail.

Lung Association Welcomes New Members

The Central Ohio Lung Association welcomed five new members to its Board of Directors meeting April 15. These new seats were created as a result of the merger of South Central Ohio Lung Association with Central Ohio Lung Association.

Local representatives to COLA include Lawrence Heightsman, Ross County; Miss Frances White, Fayette County; Leo Kahanek, Pickaway County; Mrs. Madeline Perkins, Jackson County; William Kennedy, Lawrence County; and Mrs. Jacob Kalfs, Pike County.

Lawrence Heightsman, formerly SCOLA board president, has accepted the additional responsibility of Second Vice President. He has not missed a board meeting in thirty-two years.

Miss Frances White will also have some additional duties as Representative Director to the Ohio Lung Association.

Prior to the merger, COLA en-

compassed Delaware, Franklin, Madison and Union counties, but now that the merger is complete, it will also serve Fayette, Jackson, Lawrence, Pickaway, Pike and Ross counties.

Harold M. Throop, executive director of COLA, stated that Mrs. Gloria Summers, formerly executive director of SCOLA, will serve as Director of the South Central Office at 121 West Main Street, Chillicothe, and will coordinate program activities there.

COLA will conduct programs in the areas of smoking education, professional education and air conservation as well as handle the Christmas Seal Campaign for the newly merged areas.

New Mexico became a province of Mexico in 1821, the same year William Becknell established the Santa Fe Trail.

PET OF THE WEEK — This male poodle-plus is about five months old and is available at the Pickaway County Animal Shelter by calling 474-3741 or 474-1395.

Braves Defeat Rangers, 6-4

Logan Elm baseball team defeated Hamilton Twp. 6-4 Monday in sectional Class AA tournament play on the loser's diamond.

Two Logan Elm hurlers teamed up to pitch a no-hit victory although they were plagued with wildness.

Tim Justus started for the Braves, fanned nine, walked nine and hit two batters. He was relieved by Tony Crist in the fifth inning with two out. Crist fanned three and walked four. Crist was credited with the win.

The losing pitcher was Steve Arriaga who relieved starter Doug Blades with two out in the fifth. Together they walked three and were touched for 11 hits.

Logan Elm opened the first inning with a run when Jerry Scanlan led off with a single, Randy Pontius followed with a single and then with one out, Chuck Cave singled to drive in Scanlan.

Hamilton countered in the bottom of the second in when Ray Hunley and Jeff Scott walked and then with two out Hunley scored on an error.

The Braves came back with one run in the top of the third. Scanlan reached on an error, Pontius beat out a bunt single, and then after a double play wiped out two base runners, Cave doubled in Scanlan.

In the top of the fifth, Scanlan again led off with a single, Pontius beat out another bunt single and Reichelderfer

singled to load the bases. An error allowed Scanlan to score and then Pontius scored on a wild pitch.

Hamilton tied the game in the fifth when Mike Michaels, Arriaga and Tim Denny walked to load the bases. Michaels scored on a wild pitch, Hunley walked to load the bases again and Arriaga scored when Gary Smith was hit by a pitch. Denny scored on the second hit batter of the game.

In the sixth inning the two winning runs were scored by Logan Elm Mark Skinner walked and Mike Davis beat out a bunt single. Scanlan sacrificed them to second and third and both were able to score on a throwing error into left field that occurred when Skinner got caught on a rundown between third and home.

Scanlan was two for three for the Braves, Pontius collected three singles in four trips to the plate, Jeff Reichelderfer hit one single, Chuck Cave a single and a double, Tim Fouch, Jeff Collins and Mike Davis all singled.

Logan Elm will host Bloom Carroll 4:30 p.m. Thursday in the second tournament game. Carroll defeated Bexley 9-6 Monday to gain the shot at the Braves.

Logan Elm's lone Mid State League loss was to the Carroll Bulldogs.

The Braves have a 16-6 season record while Hamilton bowed out of the tournament with a 19-5 mark.

Circle Auto Parts scored nine runs in the bottom of the third and six more in the fourth to gain the victory behind the five-hit pitching of Gary Phifer.

He also issued two walks and fanned 14. Tom Royster and Todd Wynkoop shared the mound for FOPA, allowing a total of 10 hits, 13 walks while fanning 12.

Steve Winter led the winners with a home run and two singles, Don Metcalfe rapped a homer, Eddie Sims slammed a pair of triples and a single, Mike Welsh tripled and Gary Phifer ripped a double and single.

Royster had a double and single for FOPA, Doug Robinson rapped two singles and Wynkoop had a single.

Circleville Mfg. 3,
Hummel and Plum 0

Greg Huffer and Barry McConnell combined to hurl a no-hitter for the winners and struck out a total of 17. Scott Robinson went all the way for Hummel and Plum, giving up three hits and striking out 15.

McConnell belted a three-run homer and Greg Huffer added a triple and double.

John Grabans hurled the win allowing five hits, one walk and struck out seven. Williams was the loser, giving up 10 hits, six walks and fanning five.

Grabans rapped a triple, double and single, Keith Kerens belted a triple, Pete DeFrank slammed a double and single while Dave Sustie, Chris Contino, Gary Bellas and Bob Shaffer all had a single. Williams and Lane both had a double for Bingmans, while Miller rapped three singles.

Pickerington Knocks TV From Tourney

Pickerington scored two runs in the sixth inning to rally for an 8-6 win over Teays Valley in the opening round of the Class AA sectional baseball tournament.

The Tigers scored two runs in the first inning and one in the second before the Vikes exploded for five markers and the lead in the third frame. But Pickerington tied the contest with two runs in the fourth and grabbed the lead with one more run in the fifth. After TV scored the tying marker in the sixth inning, the Tigers rallied for their winning runs.

Turbett picked up the win for the Tigers, allowing six hits. He fanned nine Vikings and walked four.

Pickerington got to TV hurler Mark Messick for 14 hits. Messick allowed three walks and fanned two batters.

Jim Baxter paced the Viking hitters with a triple and a single. Messick, Lance Rose, Raney Wonnhas, and Duane Keller each had singles.

Turbett had a triple and a single for Pickerington and Terry cracked a triple and two singles.

Pickerington is 20-5 on the year, while Teays Valley dropped to 9-16. The Vikes host Dublin in a 4:30 p.m. Thursday game.

CHS Tiger Bats Upend Westfall In Sectional

CLEM SCORES — Westfall's Dave Clem (2) scores the first run of the ball game as he is forced home on a bases loaded walk. However, it went for naught as the Mustangs lost the game to Circleville.

BRENT BELTS — Circleville's Brent Mancini gets his pitch and belts a long two-run homer over the right centerfield fence in the first inning of the Sectional game with Westfall. The Tigers went on to win, 13-2. Note the ball in the upper left corner of the picture.

Back to back home runs by Brent Mancini and Biff Bumgarner in the bottom of the first inning put Circleville out in front to stay as the Tigers stopped the visiting Westfall Mustangs, 13-2, in the opening game of the Sectional Tournament Monday.

Westfall opened the scoring with a single run in the top of the first inning when Dave Clem crossed the plate on a walk with the bases loaded.

But, Circleville put the game away in the bottom of the first when Keith Sanders led off with a single and Mancini followed with a towering drive to right centerfield which cleared the fence to give the Tigers a 2-1 lead.

Bumgarner followed with a line drive that carried over the leftfielder's head and went all the way to the fence as the runner tore up the base paths to plate the third run of the inning.

Circleville had their hitting clothes on as the Tigers pounded the ball for 13 hits, including four extra base belts.

The Tigers added three more runs in the bottom of the second, exploded for five in the bottom of the third and capped their scoring with a pair of markers in the sixth.

Westfall picked up its other tally in the top of the third frame.

Bumgarner opened on the hill for the Tigers and gave up four hits, two walks and fanned five. Brian Fath came on to hurl the fifth, sixth and seventh frames. He allowed two hits, two walks and struck out one.

Chris Riddle went all the way for the Mustangs and gave up 13 hits, four walks and fanned 10.

Sanders rapped three singles for the Tigers, Mancini belted a homer and double for four RBIs, Bumgarner crashed a four-bagger and single, Fath slammed a triple and single while Jerry Strawser, Bob Fuller and Alan Ranck each had a single.

Picking up the six hits, all singles, for Westfall were Mack Dick with two while Dave Clem, Kevin Reid, Riddle and Jim Faussnaugh each had one hit.

"This was one of our best efforts of the year," Circleville coach Tom Cole commented.

Circleville is now 12-6 overall, leads the South Central League with a 7-3 mark, and has a busy weekly schedule. They will host Greenfield 4:30 p.m. today, travel to Madison Plains Wednesday, be at Watkins Memorial in a Sectional contest Thursday and visit Hillsboro Friday.

LE Girls Defeat Bloom Carroll To Hold League Lead

Coach Kathi Thompson took her Logan Elm girls softball team to Bloom Carroll Monday and they came home with a hard-earned 13-12 win to remain in a tie for the Mid State League lead.

Both Logan Elm and Amanda-Clearcreek have 7-1 records and will collide 4:30 p.m. Thursday at Logan Elm for the league title.

Babe Stump hurled the win for the Braves, giving up 21 hits, two walks and didn't record any strikeouts.

Barb Knight was the loser for Bloom Carroll as the Braves rapped 16 hits, picked up nine walks and had one strikeout.

Logan Elm scored five runs in the top of the first, two in the third, one in the fourth, two in the fifth, one in the sixth and added two more in the seventh.

Bloom Carroll scored three runs in the third, fourth, sixth and seventh.

Joyce Pine, Beth Bell and Cheryl Gabriel each had a single for the Braves, Diane Weaver rapped two singles, Jackie Cave slammed a double and a pair of singles, Anette Roof belted a double, Diane Martin rapped two doubles, Terri Ebert had a double, Babe Stump bombed a homer and triple and Krista Gifford slashed two singles.

Saturday the Mid State League will hold its girls tournament at Pickerington beginning at 10 a.m. with the finals set for 4 p.m. Logan Elm is seeded number one and Amanda-Clearcreek is the number 2 seeded team.

Twins Edge Royals, 5-4

By HERSCHEL NISSENSON
AP Sports Writer

After seven knee operations, Tony Oliva can still hit but he can't run. Monday night he learned that if he hits the ball far enough, he doesn't have to run very far ... or very far.

The 34-year-old Oliva, a three-time American League batting champion, spends most of his time these days as Minnesota's first base coach, with only an occasional trip to the plate.

Several times in road games he has been listed in the line-up as the leadoff hitter and second baseman to give him one hopefully productive turn at bat, but when the Twins take the field someone else takes his place. Manager Gene Mauch is hesitant to use him with runners on base and less than two out because a ground ball — almost any ground ball — means a certain double play.

But Monday night Oliva was sent up as a pinch hitter to start the 10th inning. He belted a drive off Marty Pattin that would have been a triple for even an average runner — and Oliva was once very much more than

average — but he could only limp as far as second base in his bulky knee brace with his first hit of the season. One out later, Lyman Bostock came through with a pinch single that scored pinch runner Jerry Terrell from second base and gave the Twins a 5-4 victory over the Kansas City Royals.

Oliva said his knee brace is "like the one Joe Namath wears. 'I can hit on it, but running ... there's just no way.'"

Elsewhere in the AL on a light baseball night, the Chicago White Sox ended the Texas Rangers' club record eight-game winning streak 7-6 in 11 innings and the Oakland A's trimmed the California Angels 6-3.

In the only National League contest, the Los Angeles Dodgers shaded the St. Louis Cardinals on Ron Cey's two-run homer in the ninth inning.

The Royals sent the game into extra innings with a run off Bert Blyleven in the bottom of the ninth on Fred Patek's triple and Al Cowens' double. The Twins blew leads of 1-0, 3-1 and 4-3 before protecting their 10th-inning advantage. Craig Kusick slammed a two-run homer for Minnesota and

Amos Otis connected for KC.

White Sox 7, Rangers 6

Ralph Garr's hit-and-run double with one out in the 11th scored Pat Kelly from first base and snapped the Rangers' winning streak. Garr also belted a two-run homer in the ninth to give Chicago a 6-3 lead before the Rangers rallied for three runs in the bottom of the ninth. Kelly and Jorge Orta also homered for Chicago.

A's 6, Angels 3

Paul Mitchell, just back from the minors, pitched a six-hitter and struck out 10 and Sal Bando walloped a two-run homer as the A's defeated Nolan Ryan. It was the first victory of the season for Mitchell, who came to the A's as part of the trade that sent Reggie Jackson to Baltimore. Ryan fanned 12 but blew a 3-0 lead, built partially on Bobby Bonds' two-run homer. The A's took the lead on a two-run single by Bert Campaneris in the sixth inning.

Dodgers 4, Cardinals 3

Cey's game-winning homer came with one out after Dusty Baker opened the ninth with a single. Joe Ferguson hit a two-run homer off Pete Falcone in the seventh for the Dodgers' first two runs.

Reds Face Red-Hot Pittsburgh

PITTSBURGH (AP) — The Pittsburgh Pirates, riding a sixgame winning streak, open a two-game series tonight with another hot team, the Cincinnati Reds.

Cincinnati rolled over the Chicago Cubs in three straight games, scoring 14 runs apiece in two of them. The Reds secret was sheer power as they banged out 44 hits in three days in Wrigley Field.

The Pirates, meanwhile swept three-game home series from the San Francisco Giants and Atlanta Braves by combining their usual slugging with strong pitching and excellent defense.

In the six victories, Pirate pitchers allowed just six earned runs.

"We've gotten ideal pitching this week," said Manager Danny Murtaugh. "The starters have pitched a lot of innings, and when we needed them, the relievers did good work."

Defense is usually considered among the team's weaker points, but Murtaugh, in an unusual display of emotion, described it recently as "bordering on the outstanding."

Cincinnati has the offensive power to challenge any pitching staff or any defense, although Johnny Bench will have to sit out the brief series with the Pirates. Bench sprained his right knee last Thursday, and his place has been taken by Bill Plummer.

Bruce Kison, 2-2, will pitch against Gary Nolan, 2-1, tonight. Jim Rooker, 3-1, will face Don Gullett, 2-1, in the last game in Cincinnati.

Cavaliers Needing More On Scoreboard

By ALEX SACHARE
AP Sports Writer

You can't score points if you don't shoot the ball, and you can't win basketball games if you don't score enough points.

It sounds simple, but the Cleveland Cavaliers' failure to adhere to those basics is a major reason why they trail the Boston Celtics 2-0 in their National Basketball Association semifinal playoff series, which resumes tonight in Richfield, Ohio.

The Celtics' defense has had something to do with it, too.

"Defense has been our best factor over the first two games," said Boston captain John Havlicek, who will be in the lineup tonight despite reinjuring his left foot Sunday. "When the other team shoots 52 per cent and you still win, you must be doing something right. That something was defense—

holding them to 75 shots."

The other NBA semifinal series resumes Wednesday night in Oakland. Surprising Phoenix tied that set at 2-2 by posting a 133-129 double-overtime victory over the defending champion Golden State Warriors Sunday behind reserve Keith Erickson's 28 points.

The Celtics limited Cleveland to just one basket over a stretch of 6½ minutes in the second half of Game Two in Boston Sunday, coming from behind to win 94-89. To turn things around, says Cleveland Coach Bill Fitch, his team has got to stop bouncing the ball so much and take its shots.

"We dribbled too much," Fitch said of the second-game defeat. "Nobody wanted to shoot, and once again we weren't very considerate of the basketball. We're going to hold a practice session and the ball ain't gonna touch the floor at all."

Fitch became the focus of controversy over the weekend when it was reported he was planning to leave his dual post of coach and general manager after the playoffs because of a rift with club owner Nick Mileti. The Cleveland Press quoted Mileti as saying Fitch, despite having gained a three-year contract at \$75,000 a year, had asked to be released so he could become coach of the Los Angeles Lakers.

Fitch refused comment, saying he was interested only in "winning games." But he denied ever having asked to leave to coach the Lakers or any other NBA team. Lakers owner Jack Kent Cooke also denied he had been in contact with Fitch.

ABA Folds Virginia Squires

NEW YORK (AP) — The American Basketball Association, which started the 1975-76 season with 10 franchises, is now down to six following the demise of the long-suffering Virginia Squires.

The ABA officially folded the troubled Virginia franchise on Monday, the Squires joining the Baltimore Claws, San Diego Sails and Utah Stars, the year's earlier casualties.

The death pronouncement was terse. "The Virginia Squires have failed to secure their obligations to the ABA and to the players," said Commissioner Dave DeBusschere. "As a result, the franchise has been terminated."

However, Squires General Manager Jack Ankerson said he expected the team's owners to continue fighting for the club's survival.

"Dave called me and said the franchise had been terminated," Ankerson said from the team's headquarters in Norfolk, Va., Monday night. "As yet, I have not been able to relay this to our people (the owners of the Squires). I think tomorrow or the next day I'll have a heck of a reaction ..."

"In the next day or two, everybody will have to get together and see if we have any course of action available to us."

The Squires, on the verge of collapse all season because of inadequate financial support, had their franchise suspended by the ABA on Thursday. But the team's owners, headed by Van Cunningham, were given until Monday to come up with some last-ditch plan to save the franchise.

Janet Guthrie Debut Stopped

INDIANAPOLIS (AP) — Janet Guthrie's debut at the Indianapolis Speedway so far this week has been historic, somewhat disappointing, a little mysterious ... and very expensive.

Miss Guthrie, gaining notoriety as the first woman to try for a spot in the Indianapolis 500, made a couple of shakedown laps in her Offenhauser-powered Vollstedt in practice Monday and was just about to start on her rookie test when the engine failed.

It was the second engine failure for the team in as many days, both problems being traced to the No. 1 cylinder. Her teammate, Dick Simon, was testing the car Saturday and Sunday when other problems cropped up.

"I've gone years without burning up cylinders, and now I've got two in a row and both the same one," said car owner Rolla Vollstedt. "We don't know if it's just a coincidence or what."

"Either way, it sure is getting ex-

pensive."

Vollstedt estimates his bill for broken parts alone so far at Indy this month is at least \$5,000.

"You can add \$1,000 to that for labor. But I'd gladly spend \$10,000 if I could just have the lost time back," Vollstedt said. "It's getting our whole program way behind schedule."

"Right now, I'm trying to beg, borrow, buy an engine from someone. I've got another engine, one of the new Offenhausers, but that's a matter of putting it together. And we don't have the time for that."

"In fact, if we lose much more time, if it rains or something else breaks, we're going to be in real trouble on time."

Vollstedt is not going to put his 1976 design machine, to be driven by Simon, on the track until the problems with Miss Guthrie's 1975 model are straightened out.

"I've got problems on my hands already, and I've put all my men on

getting Janet's car together. We'd like her to get her rookie test out of the way before we start sorting out Dick's car," Vollstedt explained.

The car assigned to Simon has never been on any track before, and in fact, was only shipped in from Vollstedt's Portland, Ore., shop to the speedway Monday. Sorting out of new cars is vital, and time consuming. It has taken Vollstedt's team almost a year to refine the car to which Miss Guthrie is now assigned.

Twins Edge Royals, 5-4

By HERSCHEL NISSENSON
AP Sports Writer

After seven knee operations, Tony Oliva can still hit but he can't run. Monday night he learned that if he hits the ball far enough, he doesn't have to run very fast ... or very far.

The 34-year-old Oliva, a three-time American League batting champion, spends most of his time these days as Minnesota's first base coach, with only an occasional trip to the plate.

Several times in road games he has been listed in the line-up as the leadoff hitter and second baseman to give him one hopefully productive turn at bat, but when the Twins take the field someone else takes his place. Manager Gene Mauch is hesitant to use him with runners on base and less than two out because a ground ball — almost any ground ball — means a certain double play.

But Monday night Oliva was sent up as a pinch hitter to start the 10th inning. He belted a drive off Marty Pattin that would have been a triple for even an average runner — and Oliva was once very much more than

average — but he could only limp as far as second base in his bulky knee brace with his first hit of the season. One out later, Lyman Bostock came through with a pinch single that scored pinch runner Jerry Terrell from second base and gave the Twins a 5-4 victory over the Kansas City Royals.

Oliva said his knee brace is "like the one Joe Namath wears. "I can hit on it, but running ... there's just no way."

Elsewhere in the AL on a light baseball night, the Chicago White Sox ended the Texas Rangers' club record eight-game winning streak 7-6 in 11 innings and the Oakland A's trimmed the California Angels 6-3.

In the only National League contest, the Los Angeles Dodgers shaded the St. Louis Cardinals on Ron Cey's two-run homer in the ninth inning.

The Royals sent the game into extra innings with a run off Bert Blyleven in the bottom of the ninth on Fred Patek's triple and Al Cowens' double. The Twins blew leads of 1-0, 3-1 and 4-3 before protecting their 10th-inning advantage. Craig Kuskick slammed a two-run homer for Minnesota and

Amos Otis connected for KC.

White Sox 7, Rangers 6

Ralph Garr's hit-and-run double with one out in the 11th scored Pat Kelly from first base and snapped the Rangers' winning streak. Garr also belted a two-run homer in the ninth to give Chicago a 6-3 lead before the Rangers rallied for three runs in the bottom of the ninth. Kelly and Jorge Orta also homered for Chicago.

Your Horoscope

By FRANCIS DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR WEDNESDAY

ARIES (Mar. 21 to Apr. 20): Your innately good style, demeanor and cooperative attitude can win laurels. Indifference or reluctance, however, will surely disenchant others and hurt your cause. So — your best!

TAURUS (Apr. 21 to May 21): Analyses, conjectures must be given plenty of time in order to prevent errors. Be alert. Artistic pursuits highly favored.

GEMINI (May 22 to June 21): Put past doubts, disappointments behind you; they only put limits on future progress. You could now add the "twist" that boosts projects to success.

CANCER (June 22 to July 23): Shun breakneck speed, but neither delay nor be tardy in action. Both extremes, and others, MUST be curbed.

LEO (July 24 to Aug. 23): You won't be able to accomplish ALL you desire, so don't try to crowd yourself or others. Stay "on target" — competent, but not pressured.

VIRGO (Aug. 24 to Sept. 23): Augment your efforts with whatever is available in sound devices, methods and production step-up. New opportunities indicated. Prepare!

LIBRA (Sept. 24 to Oct. 23): An exciting, stimulating day. Act with confidence. Luck is with you in dealing with superiors, experts in all lines.

SCORPIO (Oct. 24 to Nov. 22): A day in which to curb your innate aggressiveness with intelligent self-discipline and stress moderation. Extremism of any kind could alienate others.

SAGITTARIUS (Nov. 23 to Dec. 21): Accept the fact that, temporarily, differences of opinion will be inevitable. Thus, you'll watch your step and do nothing to increase tensions.

CAPRICORN (Dec. 22 to Jan. 20): An excellent day for making new contacts, putting unique ideas into action. On the personal side, there's a possibility of new romance.

AQUARIUS (Jan. 21 to Feb. 19): A stimulating day, but don't let your enthusiasms cause you to take on more than you can handle. Easy does it!

PISCES (Feb. 20 to Mar. 20): Some restrictions where personal relationships are concerned. In mid-morning, especially, avoid discussions which could upset associates.

YOU BORN TODAY are a composite of practicality and creativity, often succeeding in art, singing, poetry or dancing. You can write well, too and, as a novelist, your work would be deep and moving. You have a keen mind and, whatever art you may pursue, either vocationally or avocationally, the intellectual approach will be evident. Your understanding and sympathy for your fellowman is outstanding, and you make excellent physicians and nurses. With all this, you love activity and excitement and, in your leisure time, make a delightful companion. Birthdate of: Dante Gabriel Rossetti, poet, painter; Florence Nightingale, founder of modern nursing; Philip Wylie, Amer. author.

Views On Television

NEW YORK (AP) — Next fall's situation comedies will depict sitcom life in at least eight American cities, including some burg called New York. Diverse locales, but all the shows have one thing in common.

They're being made in Los Angeles.

But Rupert Hitzig, a producer by trade, is trying something weird. He's taping a five-episode summer sitcom right here in Fun City. And the series is about a family in Russia, a historic steppe for television.

It's called "Ivan the Terrible," starts Saturday, Aug. 21 on CBS and stars Lou Jacobi as Ivan, head of a nine-member clan that somehow lives in a 3½-room apartment in beautiful downtown Moscow.

Why Moscow?

"The premise is that people are alike everywhere," says Hitzig, 36. "Governments may change but the same things affect people everywhere — inflation, crowded subways, the cost of food and so on.

"We felt that with a family in Moscow we could deal with American story lines that are familiar, yet get a double-edged effect out of them by putting them in a society we've sort of considered an adversary."

He said the series will be played "strictly for its comic value," not as a commentary on the different political systems of the United States and Russia.

Hitzig, who is producing the series for a company he and comedian Alan King own here, was asked if any gentlemen with foreign accents — like Russian — had been over to say a few words at him about the show.

"Well, I showed the pilot of the show to a Russian defector, a young student who'd only been out of Moscow for 2½ months," he said. He said the kid, who spoke perfect English, was sent by a friend.

The student saw an episode called "Red Tape," which deals with the difficulties of finding an apartment vacancy in Moscow.

"He was very rigid when he came in to see it and I didn't think I was going to show it to him," Hitzig said. "But I did. And he left with the biggest smile on his face I've ever seen."

He said, "That's just the way it is."

Hitzig was asked if anyone from the Russian consulate here had asked to see "Ivan the Terrible" or if he'd offered to set up a special screening for those in charge there.

He said not yet on both counts. "But we wouldn't mind doing it," he added. "I think they'd be amused."

Hitzig, who hopes CBS renews the show for a possible midseason run, is taking a bit of a chance producing it here. The success rate of the few nighttime shows made in Gotham isn't good, as witness the demise of "Calucci's Department," "Beacon Hill" and Howard Cosell's variety show. None lasted a full season.

But Hitzig is undeterred. For one thing, he thinks the large pool of good, stage-trained actors here makes it easy to cast a show.

For another, he says, "Alan and I are committed to production in New York simply because we love New York."

PREDICTS WIN — Ruth Stapleton Carter, lay minister, faith healer, and author, predicts that her brother, Jimmy Carter, will be elected president.

Your Views On Horoscope Television

By FRANCIS DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR WEDNESDAY

ARIES (Mar. 21 to Apr. 20): Your innately good style, demeanor and cooperative attitude can win laurels. Indifference or reluctance, however, will surely disenchant others and hurt your cause. So — your best!

TAURUS (Apr. 21 to May 21): Analyses, conjectures must be given plenty of time in order to prevent errors. Be alert. Artistic pursuits highly favored.

GEMINI (May 22 to June 21): Put past doubts, disappointments behind you; they only put limits on future progress. You could now add the "twist" that boosts projects to success.

CANCER (June 22 to July 23): Shun breakneck speed, but neither delay nor be tardy in action. Both extremes, and others, MUST be curbed.

LEO (July 24 to Aug. 23): You won't be able to accomplish ALL you desire, so don't try to crowd yourself or others. Stay "on target" — competent, but not pressured.

VIRGO (Aug. 24 to Sept. 23): Augment your efforts with whatever is available in sound devices, methods and production step-up. New opportunities indicated. Prepare!

LIBRA (Sept. 24 to Oct. 23): An exciting, stimulating day. Act with confidence. Luck is with you in dealing with superiors, experts in all lines.

SCORPIO (Oct. 24 to Nov. 22): A day in which to curb your innate aggressiveness with intelligent self-discipline and stress moderation. Extremism of any kind could alienate others.

SAGITTARIUS (Nov. 23 to Dec. 21): Accept the fact that, temporarily, differences of opinion will be inevitable. Thus, you'll watch your step and do nothing to increase tensions.

CAPRICORN (Dec. 22 to Jan. 20): An excellent day for making new contacts, putting unique ideas into action. On the personal side, there's a possibility of new romance.

AQUARIUS (Jan. 21 to Feb. 19): A stimulating day, but don't let your enthusiasms cause you to take on more than you can handle. Easy does it!

PISCES (Feb. 20 to Mar. 20): Some restrictions where personal relationships are concerned. In mid-morning, especially, avoid discussions which could upset associates.

YOU BORN TODAY are a composite of practicality and creativity, often succeeding in art, singing, poetry or dancing. You can write well, too and, as a novelist, your work would be deep and moving. You have a keen mind and, whatever art you may pursue, either vocationally or avocationally, the intellectual approach will be evident. Your understanding and sympathy for your fellowman is outstanding, and you make excellent physicians and nurses. With all this, you love activity and excitement and, in your leisure time, make a delightful companion. Birthdate of: Dante Gabriel Rossetti, poet, painter; Florence Nightingale, founder of modern nursing; Philip Wylie, Amer. author.

Troop 205 Confers Eagle Rank On Three Members

NEWEST EAGLE SCOUTS — Three members of Troop 205, including two brothers, were given their Eagle awards at a Court of Honor Monday. Standing with escorts Arthur Whitfield, left, and Greg Lundberg, right, are Barry Williams, Daniel Smith, and Mark Williams.

EDITOR'S NOTE — The following article was written by Barry Williams, a member of the 4-H Newspaper Club.

Daniel Smith, Mark Williams, and Barry Williams were given Eagle awards, the highest rank available to scouts, at a Court of Honor held by the members of Scout Troop 205 Monday night.

Mark and Barry, sons of Mr. and Mrs. Shelby A. Fraley, 2802 Walnut Creek Pike, are the fourth concurrent brothers to receive the Eagle award in Pickaway County.

Smith is the son of Mrs. Phil Smith, 121 E. Union St.

The boys claim the requirement that was the hardest but most fun was the Eagle project. Each boy put about 60 hours into their projects, which they had personally thought out and carried through.

Smith, a 17-year-old student at Circleville High School, did his project on Stage's Pond. He and other boys from the troop helped publicize and raise funds to buy the pond, and with the help of a National Guard truck, collected about five tons of garbage that had been dumped into the pond. His project was finished in the fall of 1974.

Smith was assisted on his project by many members of his troop including Dave Spain, David Ely, Bill Clark, and Ray Cuellar.

Mark Williams, 18-year-old student at Teays Valley High School, did his project at Orient State Institute. With the help of Steve Petty, Orient State Scout Director, he taught astrology to a class of students.

They had fun, said Mar., it was a

very rewarding experience.

Fifteen-year-old Barry Williams, a student at the Teays Valley Junior High School, did his project at Orient State Institute with the help of Steve Petty.

Barry taught art class. We all had fun and learned at the same time, says Barry. Mark and Barry want to thank Steve Petty, Pat Cherry, Kerry Keller, Mike Lundberg, and Brian Laughlin for their help on the project.

Also advancing during the Court of Honor were Carlos Alvarez, Scout award; Shannon Cherry, Tenderfoot; Gary Hovatter, second class; Bill Clark, Brian Laughlin, Mark Lundberg, and Mark Uland, first class; and David Ely, Phil Cuellar, Mike Lundberg and David Spain, star award.

Speeches on each Scout award were given by Mark Williams, Tenderfoot; Mike Lundberg, second class; Daniel Smith, first class; Barry Williams, Star; and Scoutmaster Ron Lundberg, Eagle.

After the Eagle ceremony, there was musical entertainment by a group of Circleville High School band members. An Eagle cake, punch, and cookies were served by the troop.

Former Circleville Resident Ordained

Paul R. Jackson II, a Chillicothe native, was ordained as a minister of the Church of Christ in a special service Sunday at the morning service at the Adena Road Church of Christ.

The church is located on Orange Street at Adena Road.

Jackson is the son of the late Dr. Paul R. Jackson and Marianne Jackson, Chillicothe, former residents of Circleville.

Jackson now is serving as associate minister for the youth program with senior minister C. D. Read at the Adena Church.

A 1971 graduate of Chillicothe High School, he received his bachelor of science degree in English Bible from the Cincinnati Bible College today. He spent the summer of 1972 in Buffalo, N.Y., where he established a new Church of Christ congregation. He also held a two-year youth ministry in Miami town.

He plans to go into a full-time ministry.

Jackson is married to the former Jacalyn Pierce who also is a 1971 graduate of CHS. She was enrolled at Cincinnati Bible College for four years and will be graduated from Northern Kentucky University in December.

The Adena Road Church gave a reception for the Jacksons in the fellowship hall following the Sunday evening worship service.

Vandals Break Township House Window Glass

Eight windows were broken from the Pickaway Twp. house and garage, according to Deputy Sheriff R. L. Phillips.

A firearm (believed to be a BB gun) was used to inflict the damage, estimated at \$99 by Trustee Virgil Timmons.

Besides the broken windows, the vandals also shot holes in the sides of the buildings, located on the Zane Trail Road. The incident occurred Sunday or Monday.

David A. Hodge, Route 5, Washington C.H., reported that a 12 volt Firestone battery was taken from his truck, which was parked at the Country Honey Tavern, Route 62 and County Road 501.

The incident occurred Saturday between 10 p.m. and 11:30 p.m. The battery is valued at \$30.

Thieves selected a red 10-speed bicycle from an assortment of bikes parked in the lot 236 Gregory Trailer Park home of Emma Smith Monday night between 5 and 9 p.m.

The bicycle is valued at \$140.

Paul Ramey, owner of Ramey's Arco, Route 2, Ashville, told Sheriff's Deputies that an unknown driver received 14.4 gallons of gasoline, valued at \$8.60, and drove away from the station without paying.

The incident occurred 12:30 p.m. Monday at the station, which is located at the intersection of Route 104 and Route 316.

The car involved was a light green 1968 or 1969 Oldsmobile.

Man Gives Up After Chase Through City

A man who successfully eluded Circleville Police during a high-speed chase through alleys early Tuesday morning surrendered to officers later in the morning.

Jace M. Fowler, 19, 1107 S. Washington St., was charged with speeding 70 miles an hour in a 35 zone and eluding police by Ptl. James Ford.

Ptl. Ford clocked Fowler driving 70 miles an hour on E. Main St. at 12:06 a.m. Tuesday. The officer gave chase, but Fowler apparently disregarded the visual and audible devices on the police cruiser.

The race, at speeds in excess of 70, led through alleys on both sides of Main St. and ended when Fowler escaped the officer by parking his car on High St.

Ptl. Ford continued to search for about an hour, but Fowler voluntarily surrendered to police headquarters.

Police are also investigating the break-in and theft of items at the Circleville Junior High School, 520 S. Court St.

Entry was apparently gained through the furnace room door.

A tape recorder and change from a soft drink machine were taken.

Woman Drives Into Field To Avoid Serious Crash

An Amanda woman was injured when her car was forced off Route 56 by an unknown driver, who struck another car while trying to avoid a collision.

The incident occurred 10:12 p.m. Monday.

Cynthia Mumford, 19, Route 2, Amanda, was driving west on Route 56, about a half-mile west of the Huber-Hitler Road, when she spotted an eastbound car in her lane. The car was in the process of passing a vehicle driven by Larry Dixon, 24, Adelphi.

Ms. Mumford, apparently fearing a head-on collision, drove off the right side of the road into a ditch. Her car went over a steep embankment and into a field for 117 feet where it hit and destroyed four posts and farm fence owned by Frank Bowling Jr., Circleville-Tarleton Road.

Ms. Mumford was treated by the Circleville Emergency Medical Team and personnel at Berger Hospital's emergency room for back pains, an injury to her lower left leg, and small abrasions to her right arm. She was later released.

Investigating Deputy F. R. McCoy praised her for quick response in avoiding a more serious accident and for preventing the car from rolling over.

Dixon told the deputy that the hit-skip driver approached the rear of his car and was attempting to pass his vehicle on a hillcrest marked by double yellow traffic lines.

Apparently in an attempt to avoid a collision with Ms. Mumford, the driver cut back to the right lane and clipped the front of Dixon's car.

Passengers in his car were Clara Finley, 18, Adelphi, and Georgia Finley, 49, Adelphi. They were not hurt.

Deputies say the hit-skip car was a cream-colored Ford Galaxy with 20-day tags.

Bonnie L. Brown, 23, Route 1, Lockbourne, suffered minor injuries in a single-car accident 1:50 p.m. Monday on the Duval Road.

Deputy Sheriff Bill Dountz said Ms. Brown drove off the right side of the road, just west of the Bulen Pierce Road intersection, and crashed into a field.

Charges of reckless operation and intoxication were filed against John C. McPherson, 20, Derby, following an accident in the parking lot of the Derby Elementary School.

Deputy Sheriff Jim Dixon said McPherson was driving in the parking lot 1:15 a.m. Tuesday when he lost control of the car. The vehicle spun around and was in the process of making another spin when it struck the corner of the school building.

The brick wall and wooden door of the school were damaged.

McPherson told Deputy Dixon that the accelerator pedal of his car stuck, forcing the car to make a rapid start.

Passenger in the vehicle was Donald A. Wenger Jr., 22, 7414 London Road, Derby.
